

ReOpening KJK Guidelines

*We are so excited to welcome your children ages 1st-5th grade back to KJK beginning July 12, 2020!
The following guidelines will be followed as safety is, and always has been a priority.*

Social Distancing & Mask Wearing:

- *Children will sit in every other row on both the girls' and boys' sides.
- *Children and adults will be required to wear a mask unless a medical condition does not allow for them to wear a mask.
- *Children will sit 6 feet apart from one another and seats/boundaries will be marked with masking tape. Siblings may sit together.

Cleaning:

- *While cleanliness is always a priority, we will be taking extra cleaning and sanitation measures during this season. We have multiple bottles of hand sanitizer as well as soap and paper towels in each bathroom.
- *After bathroom visits, KJK staff will ensure each child has properly washed their hands.
- *Once KJK is over, KJK staff will be sanitizing frequently touched objects (door handles, pews, light switches, etc.).

KJK Arrival: *Children will be given a ticket by a gloved KJK worker.

KJK Check-Out:

- *Parents will have the same pick-up spot, however, there are markers on the floor in order to keep everyone socially distanced during pick-up.
- *The check-out procedure will be the same, however, parents will not be signing out their children. A KJK worker will write down who picked up each child on a dated attendance roster.
- *We will still have a girl and boy ticket winner to pick a prize out of the mailbox.
- *Children will be handed candy by a gloved KJK worker as they leave KJK.
