The Botanical Box

A huge welcome to the very first monthly edition of Moi-Même - thank you so much to all of you, our founding members! Our first edition is the Botanical Box and is full of the joys of Spring:

Watercolour Floral Scarf

Lightweight and in the prettiest pastels, this scarf features an abstract floral design in peach, pink, green and blue watercolours.

Please note that we had a lot more subscribers than expected for this first box so some of you will receive a slightly different design due to stock availability.

Rose Facial Mask - Farryn Amber

This mask is a light floral blend of mineral rich clays combined with Activated Charcoal, Green Tea Extract, Rose Petals and Wild Kelp to hydrate, detoxify and cleanse the skin.

To use, mix the powder with water to form a paste then apply to clean skin. Rinse with warm water before the mask dries.
