To address the learning problems in the present classes of our children

Dear Parents,

We are all affected by the global pandemic and the world has changed in this year 2020. The school and the classes are going online around the world. The children are studying online because there is no other option available to continue the education of our children.

We must take this situation as an opportunity to grow and learn new things. The teachers and children have learned to do education online. However, everyone is constantly improving and working to give their best.

If any children are facing any sort of problem in the education they can write to us on the email ID: solution@srcapital.in ONLY from the Gmail ID provided to all students. Ex.youradmissionno@srcapital.in. Start using it.

In this way, our children will learn to communicate through email. They will learn writing skills, google products and we will address all possible grievances of our children.

Regards,
Lakshya Chhabaria
Managing Director
