

Labels on Cans

SUCCESS STORY

DIAMONDBACK
BREWING CO.

BACKGROUND

Longtime friends Tom, Francis, and Colin founded Diamondback Brewing Company in 2013, with production starting in late 2014. From the first batch at the University of Maryland to their current production level, they have always strived to create unforgettable beer that everyone can enjoy.

Their roots run deep in Maryland and they aim to grow locally and capitalize on the relationships they have developed for years. As Baltimore natives, they know the dynamic local market offers a great home for their hand crafted ales.

We chose Hub Labels due to their competitive pricing, proof of high quality labels and by-far the best wet-based application adhesives we could find. Since joining we've been amazed by

We've been amazed by the customer support & quick turn around

the customer support & quick turn around for printing jobs and of course have continued to be overwhelmed by the quality & range of labels that they can produce.

- Francis Smith, Co-Founder of Diamondback Brewing Co.
