# ARE YOU READY!

The Commercial Vehicle Safety Alliance's (CVSA) 30th annual

Will take place June 6-8, 2017. Over a 72-hour period, CVSA-certified commercial motor vehicle inspectors in jurisdictions throughout North America will conduct inspections of commercial motor vehicles and their drivers.

Each year, International Roadcheck places special emphasis on a category of violations. This year's focus is cargo securement. While checking for compliance with safe cargo securement regulations is always part of roadside inspections, CVSA is highlighting cargo securement safety this year as a reminder of its importance to highway safety.

Inspectors will primarily be conducting the North American Standard Level I Inspection, which is the most thorough roadside inspection. It is a 37-step procedure that includes an examination of both driver operating requirements and vehicle mechanical fitness. Drivers are required to provide items such as their driver's license, hours-of-service documentation, motor carrier registration and shipping documentation, and inspectors will be checking drivers for seat belt usage and the influence of alcohol and/or drugs. The vehicle inspection includes checking items such as the brake systems, cargo securement, coupling devices, driveline/driveshaft, exhaust systems, frames, fuel systems, lighting devices (required lamps), steering mechanisms, suspensions, tires, van and open-top trailer bodies, wheels, rims and hubs, windshield wipers, and emergency exits (on buses).

## CVSA's 2017 International Roadcheck Enforcement Event June 6-8, 2017 Special Emphasis **Cargo Securement**

**UTILITY TRAILER** carries a complete line of **CARGO CONTROL** and saves you money with **COMPETITIVE PRICES!**
