

Precinct 4 Sidewalk Policy

Precinct 4's *Sidewalk Policy* is limited to the installation of sidewalks from subdivision entrances to existing sidewalks on school property along curbed major thoroughfares.

Precinct 4 funding for sidewalk improvements is limited. Sidewalk requests that do not comply with the *Sidewalk Policy* may be submitted to Precinct 4 for consideration provided:

1. The request is made by a local agency, organization or association,
2. The requesting entity enters into an Interlocal Agreement with Harris County for the sidewalk improvements **and**
3. The requesting entity takes over responsibility for maintenance once construction is complete.

All requests will be scored and ranked at the end of each calendar year. Projects will be initiated yearly based on scoring criteria, justification and funding availability. All entities that have submitted a completed application will be notified at the end of the selection process.

A requesting entity may move forward with sidewalk installation without Precinct 4's participation, provided all Harris County standards and specifications are followed. All projects, prior to beginning any construction, shall have the required county, state and/or federal permits as required.

Requests for sidewalk installation must be submitted using the *Precinct 4 Sidewalk Request form*.
