Shield Your Hands
& Protect Them From Germs

TOUCHLESS HAND SANITIZER DISPENSER

THE FUTURE IS IN OUR HANDS, LET'S KEEP THEM CLEAN.

Optional AC/DC adapter
4 x C Size batteries

1000 ml refillable container

Optional cartridge available

DESCRIPTION

The SD01+ is equipped with an intelligent infrared sensor that automatically sanitizes your hands with a gel, liquid or soap sanitizer. The SD01+ is ideal to set up in common areas for a quick hand sanitizing, stylish, and fits perfectly with most decor. The dispenser holds up to 1000 mL refillable container for less frequent refills. Optional cartridge available.
