On April 24, Sr Marge and Sr. Gabriel went ramps harvesting in the woods at their home at the Christine Center in Willard, Wisconsin. Sr. Gabe writes, we went “at noon and by 12:30 we were chowing down most happily. The meal looks amazing and love those smiling faces!

For the gift of … generosity … we give thanks!

Sr. Glenna used her culinary talents to bake for the Sisters living at the Motherhouse and to let them know that she was thinking about them.

Banana Bread (a favorite) and a Peach Bundt Cake that looks yummy.

*Are you cooking or baking more during this time of safe at home?*
CELEBRATING NATIONAL NURSES WEEK 2020

Thank You!
To the nurses and caregivers supporting our Sisters
You Make a Difference!
Thank you to Our “Living Well” Essential Staff

During this time of global pandemic, the nursing and caregiving staff continue to go into the Motherhouse to care for the Sisters in residence.

Tasks have been added to their daily routine. Every resident must have their temperature taken daily and is provided a sticker to wear indicating this routine screening has taken place. In addition to screening residents, the nursing staff screens any one coming in to work in the Province or IBVM offices.

Living Well staff also run errands for the Sisters, and help reduce boredom by leading craft sessions and exercise programs.

The staff continues to meet the healthcare needs of the Sisters living at the Motherhouse as

Reflection Questions for the Week...

How has your experience of time shifted or changed?

How are you feeling about “returning” to “normal”?

Send your photos, stories, poetry or prose to connect@wfsisters.org.

Stay safe • Stay healthy • Be Kind • Be A Blessing!
