Prayer for Healing After the Election

Compassionate One,

We turn to you today ... this day after the election. We pray for our nation that is deeply divided.

Help us to remember that we are a United States. Unite us in our commitment to serve the common good, always remembering your call to love one another as you love us.

Heal our souls torn apart by divisiveness and negativity. Unite us in the work before us, whether we rejoice or weep.

Open our hearts with kindness that we may act out of hope, integrity, and compassion rather than arrogance, anger, or fear.

Give us the wisdom and grace to focus on the work that continues beyond this election: the work of unity; respect for one another and all creation; and peace and justice in our world.

Holy One, heal and strengthen us we pray. Amen
