

Prayer for Inauguration Day - 2021

God of each of us and God of all of us,
we trust that you are present with the leaders
of our country today and every day.

We pray they use the gifts, talents, and
intelligence you have given them to faithfully
lead and serve our nation.

Help us as a nation be supportive of our
newly elected leaders, drawing strength from

what unites us instead of dwelling on what divides us. May we always seek the greater
good

and the well-being of others

through our words and actions.

Help us to witness to your unconditional love

by continuing to love and respect ALL

your creation.
