The Barbados Jazz Society

The Barbados Jazz Society was formed in the early 1980's and in the next two decades held some memorable jazz events and programs, both live and on radio. The Society has had a rich legacy of working collaboratively with international organizations and bringing talented jazz musicians to Barbados.

Early in 2011 a few of the former members and some new ones got together to revitalize the organization and foster a new appreciation of jazz and jazz musicians, both local and international. The Barbados Jazz Society is back in the swing of things!

Mission:

The Barbados Jazz Society is a non-profit organization that deals with charitable, educational, artistic and social matters. It aims to develop and promote artistic and musical works, especially the art form known as Jazz.

The objectives of the Society are:

- (a) To foster the appreciation of jazz music and to promote/showcase and encourage the playing of jazz music in Barbados.
- (b) The development and promotion of artistic and musical works especially the art form known as jazz
- (c) To support the education, charitable, literary and social matters which may assist in lifting the standard and interest of jazz music in Barbados and the Caribbean.
- (d) To affiliate and associate with any Caribbean or International organization which is designed to promote and foster the appreciation of jazz music.

To achieve these objectives we plan to showcase the playing of jazz music, highlight our local musicians and upcoming student jazz artists and initiate programs on radio and TV where we can discuss and demonstrate the development of the art form.

Visit our FACEBOOK page which will feature new and interesting items, updated regularly.

We would love to hear from you with your ideas on how the Society can best achieve its goals, so do not hesitate to e-mail us at: bdosjazzsociety@gmail.com
