

Over and Under

-DESCRIPTION:

Player tossed ball into a bin with numbered holes and tries to ad a score of under 6 or over 15

-HOW TO SET UP GAME

-Place game unit approx 4 to 5 feet from front of booth

-Depending on how you want to play, remove 3 to 4 balls from tube that is located under the game unit.

-Once you have removed the balls, unlatch top of game unit and open the top up. Then swing the two sides pieces up and insert the two set pins.

-This game can be played on the ground or on a table top.

-HOW TO PLAY

1) This game can be played two ways. (with 3 or 4 balls) With 3 balls the score should add up to under 6 or over 15. With 4 balls the score should add up to under 9 or over 19. There are more wins when playing 4 balls.

2) If the ball should happen to bounce out of the game unit the player can rethrow the ball.
