

Scrub DOs and DON'Ts

1. Scrubs are hospital property, so please **CHANGE OUT** and **NEVER** take them home.
2. Please remember to remove all pens, ID cards, etc. from pockets, before dispensing dirty scrubs for laundering.
3. Please return scrubs right side-out when returning to the laundry. This will ensure they come back to you right side-out.
4. If scrub pants are too long, please roll/fold them up to avoid stepping on the bottoms, creating stains and extra wear.

Ink Stains Do Not
Come Out!
