# ARCHES

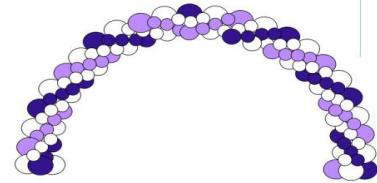

There are many factors that can affect the price of your arch. We have different types of arches such as Garland, String of Pearls, and Link Arch. All of them can be personalized. **PLEASE NOTE: Due to the global helium shortage, prices may change without notice.**

The most important thing to know is arch length and height. It is also important to know if the arch will be outdoors or indoors and how long you need it to last. Knowing your budget will help us to offer different options within it.

<b>GARLAND</b>	10.00 per linear ft Standard & Fashion colors 12.00 per linear ft Pearl, Metallic & chrome
----------------	-----------------------------------------------------------------------------------------------------

<b>FLAT</b>	13.00 per linear ft Standard & Fashion colors 15.00 per linear ft Pearl, Metallic & chrome
