MultiCare 
Covington Medical Center

MultiCare Covington Medical Campus is a not-for-profit healthcare facility that includes multiple out-patient clinics and an in-patient hospital. Covington Medical Center is the 58 bed acute care hospital located in Covington and provides emergency, in-patient, and surgical services to the local community. As the hospital of choice for those in the surrounding communities, Covington Medical Center continues to grow with the community and expand services, as we know care is best given close to home.
