We are currently reaching out to school districts with students living in our service area (Meyersdale Area, Salisbury Elk-Lick, and portions of the following: Berlin-Brothersvalley, Turkeyfoot Valley, and Rockwood Area) in hopes of providing library cards to all students. The hope is for schools to send information about the library and registration forms home with all students for completion and signing. Cards would be returned to the school, and then returned by the school to the library. The library will then register the students, and return library cards for teachers to distribute to individual students.
