A sound is building. Like a living wind. A thousand screams in agony.

From the blackness, gusts of smoke pull together quickly, forming the Main Title against black:

"EVIL DEAD"

Then beneath it, the Roman Numeral "II."

A SLOW ZOOM brings it toward us. And as the screams reach their sharp crescendo the title zooms through us.
Whispering smoke against a black background. EERIE MUSIC. In the distance, through the smoke, a small object. It fans toward us quickly, filling the frame. It is an ancient skin covered volume, with the outline of a human face on it's cover. This is the Book of the Dead.

NARRATOR

Legend has it, that it was written by the dark ones: NECRONOMICON EX MORTES; Roughly translated...The Book of the Dead.

The face on the cover of the book pulls away from its skin binding and leans toward the camera. EYES on the book blink open and peer at us. It's mouth opens and emits a hideous scream. The CAMERA races into the blackness of the screaming mouth.

TRACKING SHOT

The CAMERA slowly tracks in toward the Book of the Dead as it sits in the darkness of the stone tomb. Next to it rests the KANDARIAN DAGGER, an ancient knife, its handle fashioned from the skull of a
weasel. They rest upon a small pedestal covered with cobwebs. Prominently displayed on the stone wall, a bas relief of the "Hero from the Sky" holding his unusual jagged edged weapon.

NARRATOR (V.O.)

And then...

The grinding of rock scraping against rock is heard, and a large stone is swung open on a secret hinge in the wall behind the book. Wind sweeps in through the tomb, along with the blinding light from outside. A sharply silhouetted figure steps in the newly created doorway. The figure lights a torch that he holds, illuminating his face. This is PROFESSOR RAYMOND KNOWBY. An intelligent, grey bearded man in his late fifties. He lowers the cloth around his face that had been protecting him from the sand. He stares at the Book, awestruck.

Behind him, two other figures appear in the entrance of the tomb. The first is a large school-marmish woman, the wife of Raymond Knowby, HENRIETTA. She moves to Raymond's side and takes his hand. Immediately behind her is their daughter, ANNIE KNOWBY; twenty-four years old, strong stance and beautiful. Behind her a handsome looking man, ED GETLY, enters the tomb. He moves to Annie's side. Professor Raymond Knowby sits at a writing desk and transcribes passages from the Book of the Dead. A small framed photograph of his daughter Annie sits upon the table. Behind him, HENRIETTA sits knitting in a rocking chair.

He speaks the phonetic pronunciation of completed sentences into the microphone of a tape recorder.

But the evil that had been resurrected from it, lives on.

The Book of the Dead is burned to cinders. The face upon the Book screams as it burns.

Ash picks himself up from the floor.

Ash stands and clutches the necklace of Linda, in sorrow for his loss of her.

Ash staggers from the cabin.

FADE OUT.
We are racing forward. We have taken the POV of an EVIL ENTITY as it glides with dark purpose through a section of woods. It approaches the rear door of the cabin. The door is torn violently open. The next door falls away from us. We approach the front door. SLAM! It jigsaws in two and we are again outside, now in front of the cabin. Ash is seen in the distance. He is staggering away, his back to us as we race at him. He turns suddenly towards CAMERA and screams.

The final shot of Evil Dead I has a new ending; an extension. Ash is caught by an invisible grip. "G" force is distorting Ash's face as he is rocketed backwards. He is swept hand over foot through the air. He reaches the edge of the woods and begins tearing through the branches and smaller trees, clearing a path with his body. He finally slams into a large ungiving tree trunk and he is knocked unconscious.

As he falls from the tree branch and plummets towards the earth.

A puddle of mud below, which rushes up upon us quickly.

As his head splashes down into the muddy water.

He lifts his face from the mud, and turns toward us. His eyes have gone white. His skin is now a pale color, his lips, jet black. He is Possessed. A bright edge of

The dark nose area is the open doorway, and the rotted teeth of the skull are the whitewashed stones placed at the foot of the cabin. Then it fades, leaving only the cabin.

He shudders uncontrollably as he picks himself up from the mud.

He shifts his glance from the car to the road.

CLOSE SHOT - ASH

He is stunned at the sight. His only escape, gone. He looks from the bridge to the West.
The sun is now resting on the horizon. Lower than it was before. It is BLOOD RED, and sets in the course of seven seconds.

To reveal Ash as he looks from the sunset, to the ruined bridge, to the road behind him. He moves in halting steps, not knowing which way to turn.

Ash opens his mouth, draws in his breath, and just as he begins to scream, we CUT TO:

As it rises up from what appears to be the mountain chasm and reveals the opposite side of the twisted girders which form the "Giant Hand." It spots Ash immediately beyond. It moves swiftly toward him. Ash looks up, sensing the evil and darts into the Delta 88. The FORCE moves through the twisted girders, pushing them away violently and races toward the car.

The Delta starts up and peels off. The Evil Force just misses it. The car doesn't have the room to complete the one hundred and eighty degree turn necessary to head back down the road the way it originally came, and is forced into a line of break-away trees which explode into sawdust as the front of the Delta 88 rips through them. The car swerves onto the road, headed back toward the cabin.

As the broken bits of tree slam against his windshield.
As the channel switches suddenly to the hard rock song "Journey to the Center of Your Mind" which blares within the car throughout the chase to follow.

As it gives chase to the Delta.

Alongside the car as it barrels along the wooded road.

As he drives this wild course.

As it begins to gain on the speeding automobile.

Looking through the windshield, as branches beat and smash themselves against the windshield, obscuring our vision of the "Road" ahead. Our view suddenly clears, revealing a large tree that looms directly ahead.

Swerving the wheel.

It swerves and slams into a rotted tree, stopping it dead.
As he is rocketed forward from his seat.

As Ash comes ripping through the windshield and past the CAMERA.

As Ash approaches the ground with a great velocity.

As he slams into the earth with a rain of glass. He moans and gets to his feet.

As it sweeps down out of the woods, pushing over trees, and approaches the Delta. Steam pours from the hood of the car.

As he runs. His face is cut and bleeding.

As he runs toward the cabin. (Actually he is running in place in the rear of a camera car that is slowly backing away from the cabin.) The more he runs, the farther away from the cabin he gets.

It approaches the rear of the Delta, rips through the back window, moves through the car's interior, music
still blasting, and bursts out the remains of the front windshield. We move through the steam of the radiator and approach Ash as he runs for the cabin.

We follow him through the bathroom, the maze, and back out into the Hallway. We round the corner after him and see that Ash has led us into the main room, but there is not a trace of him. We look about for him, but he is gone. The hallway is bare except for a few dry leaves.

Still boarded as though it had never been opened.

    179 CLOSE SHOT - ASH  179

Reassuring himself.

    ASH
    That's all. Just a crummy dr-

Linda's decapitated head falls into frame and lands in Ash's hands.
CLOSE SHOT - LINDA'S HEAD

It opens its eyes and looks to Ash.

**LINDA'S HEAD**
Hello lover, I came from the other side of your dream to dance with you.

CLOSER SHOT - LINDA'S HEAD (BACKWARD MOTION)

A four foot long blackened tongue emerges from her mouth like a lashing serpent.

MEDIUM SHOT - ASH - (BACKWARD MOTION)

The tongue enters Ash's frame and forces itself into Ash's mouth. Screaming as he clutches at the head of his former love. The tongue instantly retracts inside her head.

CLOSE SHOT - LINDA'S HEAD

As it bites deeply into Ash's right hand, drawing blood.

MED SHOT - ASH AND LINDA'S DUMMY HEAD

Ash stands and rushes across the room screaming, as he tries to rid himself of the head.

CLOSE SHOT - LINDA'S HEAD

As Ash staggers painfully around the side of the cabin and towards the work shed; Linda's head still clamped to his hand.
The door to the place is kicked open, revealing Ash and Linda's head on the end of his hand. It is a room full of sawdust, chains and power tools. Old bones hang from the walls.

As he places Linda's head within the vice and tightens it around her, then withdraws his hand.

**LINDA'S HEAD**
Even now we have your darling Linda's soul! She suffers in torment!

As it rips away an old tarp revealing the chalk outline of where a chainsaw once was.

Confused. Wondering what has happened to the chainsaw. Behind him, the door to the shed bursts open and in comes the flailing, headless, body of Linda, charging at Ash with the chainsaw buzzing high above her head. Ash is screaming.

Ash grabs a large crowbar and swings it toward the approaching blade.

The crowbar hits the bottom of the blade with a shower of sparks, sending the buzzing saw flipping backward.

The blade of the chainsaw swings upward and arcs back into headless Linda, imbedding itself in her neck. She goes nuts as the chainsaw bites its way into her chest cavity. She spins wildly about the
room knocking into shelves as she tries to pull the blade free. She slams against the wall of the shed, and slumps to the floor, the chainsaw still buzzing.

187G MEDIUM SHOT - ASH
As he is splattered with black bile. He reaches down.

187H MEDIUM SHOT - HEADLESS LINDA
As Ash dislodges the spinning chainsaw from her.

187I MEDIUM SHOT - ASH
As he swings the chainsaw around and poises it above Linda's head.

187J WIDE SHOT - ASH AND LINDA'S HEAD IN VICE
From the chainsaw, fumes of blue amoke. Ash turns to the head and falters.

187K CLOSE SHOT - LINDA'S HEAD IN VICE
She is no longer possessed. She looks as she did earlier in the film. A vision of beauty. She is again Linda, the woman Ash loved. Tears roll down from her eyes.

LINDA
Please Ash, help me. I love you, please don't hurt me.

187L CLOSE SHOT - ASH
Trying to fight his feelings, he knows what he must do. He pumps the throttle on the saw.

187M CLOSE SHOT - LINDA
Pleading with him.

LINDA
You promised me we'd always be together. You swore to me!
Agonized.

ASH

NO!

Once again fully possessed, and speaking in the voice of the demon. Her eyes again white, her flesh, rotten.

LINDA'S HEAD

YES! YOU LIED TO HER! YOU LIED TO LINDA! YOUR LOVE WAS A LIE! AND NOW SHE BURNS IN HELL!

She opens her mouth and emits a jet stream of bile.

As he's drenched in the face. Linda begins to laugh at him in a wild, high pitched squeal.

He gains control of himself and steadies the saw.

ASH

Eat chainsaw.

He brings down the spinning blade. And moves past the CAMERA and towards the head. We are left looking at the wall of the work shed upon which we see the stark shadow of the ghastly deed. We hear the sound of spinning steel meeting bone and the screams of a demon.

As it is splattered with blood.

Ash stumbles back into frame and falls against the
wall, now lit in crimson. He looks at the off screen carnage in terror. He begins to shake as though in shock. He trembles as he looks down at his hands; they are covered in Linda's blood.

He wipes his hands on his pants and shirt, trying to rid himself of it, but only succeeds in painting himself with the stuff. Ash screams a wild scream of fear and despair. It echoes off into the night.

188 CRANE SHOT - EXT. WORK SHED - NIGHT

Ash in a confused state as he staggers from the work shed and towards the cabin. Again clutching the chainsaw.

189 INT. CABIN REAR DOORWAY - NIGHT

Ash enters through the doorway. He pushes the door shut behind him and halts. We hear a creaking sound. It is coming from the main room of the cabin. He moves in the direction of the sound.

189A ASH'S POV - REAR HALLWAY - NIGHT

TRACKING SLOWLY FORWARD

Curtains flutter on the partially boarded windows of the hall. Ash moves slowly past them and towards the main room ahead. The gentle creaking sound grows louder. Ash tosses down the saw and picks up the gun.

189B INT. CABIN MAIN ROOM - NIGHT

Ash enters from the hallway and turns his head to the sound.

189C MAIN ROOM - NIGHT - ASH'S POV - THE ROCKING CHAIR

It rocks back and forth with a definitive motion, halting for a moment at it's pints furthest forward and backward, as if some invisible thing was sitting there and rocking.

189D CLOSE SHOT - ASH

He slowly approaches the chair, scared shitless.
The chair rocks in and out of frame in the foreground as Ash takes halting steps towards it. Ash gathers his courage and reaches out his hand to halt the rocking motion. Slowly his hand approaches the chair. Just as his hand goes to touch it, the chair abruptly halts, on its own accord.

In a confused state as he backs away from the chair and into the wall. He turns and comes face to face with himself in a hanging framed mirror. He clutches at his face, trying to reassure himself of his sanity.

I'm fine... I'm fine...

Ash's reflection becomes an independent entity. It reaches out of the mirror and grabs ahold of Ash by his throat. The reflection looks like a Mr. Hyde version of Ash. Sweating and nasty looking.

The reflection pulls Ash close and speaks to him in an intimate whisper.

I don't think we're "fine". We're losing it... starting to slip. We just cut up our girlfriend with a chainsaw. Does that sound fine?

The reflection tightens its hold on Ash's throat and begins to strangle him.
Two hands in the bottom of frame, throttling him. CAMERA races back to reveal Ash's own hands on his throat. There is no sign of Ash's evil reflection. Ash has been strangling himself. He realizes this the same moment we do. He quickly pulls his hands away, looks at them incredulously, then to the mirror.

His reflection is as it should be.

He looks back down to his hands.

The bite marks that Linda's teeth have left in the hand stand out sharply. The wound suddenly blackens and spiderwebs it's infection across the entire surface of the hand.

The hand quivers and shakes, now out of Ash's control. The hand has taken a whitish cast. It's veins throb and pulsate. It is possessed by the evil force. The hand's fingernails grow inches. The wound oozes black fluid. Ash is repulsed.

Ash's demon hand makes a lunge at his face which is countered by his good hand.

He slams the hand to the cabin floor. He screams to the air:
ASH
You bastards. Give me back my hand.

205 INT. CABIN KITCHEN - NIGHT
Cool water runs over Ash's burned hand. Ash rests his head on the kitchen counter and mumbles reassurances to himself.

ASH
Can't... can't be happening.

206 CLOSE SHOT - THE HAND
As the water pours over it. It grabs a plate sitting in the dishwater and reaches up silently out of the sink.
The plate is shattered over Ash's head. The hand grabs Ash's hair and mercilessly slams his head down upon the kitchen counter again and again. Ash punches himself in the face and is sent reeling backwards. He smashes into a cupboard where dishes and plates fall upon him.

The hand picks up plates and begins breaking them over Ash's head. Then a bottle.

Ash is knocked unconscious. The hand continues breaking objects over his head. Ash lies unmoving, but still alive.

The hand stops as though it senses something. The camera pans to a large meat cleaver which lies upon the wooden floor.

The hand as it independently crawls towards the meat cleaver. The hand is stopped when it runs out of arm, now anchored by Ash's unconscious body.

It digs its nails deep into the floorboards and begins to pull...

... as he is pulled along the kitchen floor.

As it pulls Ash's unconscious body along after it. The hand clutches the meat cleaver when a large knife comes
slicing through the demon hand, pinning it to the floorboards. CAMERA pulls over to reveal a revived Ash.

ASH
Who's laughing now?

214A ANGLE - ASH - COMEDY KNIFE RIG

He reaches over with his good hand and pulls a fire engine red chainsaw down from the shelf.

He holds the body of the machine between his legs and, with his good hand, pulls the starter cord. The CHAINSAW ROARS to life. The CAMERA TRACKS IN to Ash's sweating face.

ASH
Who's laughing now!?

He lowers the spinning blade of the chainsaw down out of frame and toward the evil hand. Blood flies up into frame.

    ED
    Terrific. Now what?

    ANNIE
There must be another way in. Another road or something.

BOBBY JOE
Sure ain't no, road.

CAMERA pans over to reveal a brassy southern spitfire of a woman, Bobby Joe.

BOBBY JOE
Hell you wanna go there for, anyway?

Bobby Joe takes a pinch of chewing tobacco and stuffs it into her mouth. She doesn't like Annie and her fancy clothes. She stares at Annie like a cat.

ANNIE
None of your business.

JAKE
Hey! I just remembered... Yeah, that's right... There is a trail. You could follow Bobby Joe and me.

ED
That sounds all right.

JAKE
But, it'll cost ya.

**225 EXT. WOODS - NIGHT**

A hiking trail winds through the woods. Bobby Joe leads the way with flashlight in hand. She pockets some bills. She is followed by Annie and Ed who carry the glass case containing the missing pages and the handbag. A grunting and sweating Jake brings up the rear, the large steamer trunk on his back. He is cursing under his breath.

**JAKE**

Jesus H. Christ! I thought she was talkin' 'bout them two goddamn little pieces!
The wind rushes fog about the place with a fury. A large moon hangs in the night sky.

No longer attached to Ash's arm, it still writhes about beneath Ash's foot which pins it to the floor.

As he grabs the steel wastebasket, dumps out the trash lowers it quickly over the CAMERA, trapping the hand within.

With a note of finality, Ash slams down a pile of books atop the overturned wastecan, to anchor it. The top book's title reads "Farewell to Arms".

Ash raises a red hot fireplace shovel that had been resting upon the coals. He grits his teeth.

Just out of frame, Ash thrusts the glowing shovel against the stump to cauterize the wound. Red steam hisses up into frame as Ash screams.

He tosses aside the shovel and douses his smoldering stump into a vase of fresh flowers.

Unspooling a roll of duct tape.
He tapes the tablecloth into a makeshift bandage about his wrist. Behind him, the wastebasket silently slides across the floor.

"CLANG"! He turns to see.

Upon its side. The Evil Hand is gone.

He turns to a "pitter patter" sound.

It scampers across the floorboards headed for a hole in the wall.

265 CLOSE SHOT - HOLE IN WALL - 5 CAMERAS

The trickle of blood has increased to a steady flow, then, even this volume of blood multiplies. It is forced out of the wall with a greater and greater pressure until blood pours from the wall like a fire hose.

Horrified, he spins his glance to the sound of more gushing liquid. He is hit in the face with a geyser of deep red blood.

267 CLOSE SHOT - 2ND AND 3RD HOLES IN WALL - 5 CAMERAS

The 2nd and 3rd holes in wall also begin to spew blood in a geyser. The CAMERA PANS over to the 4th of the holes. This, too, is an eruption of blood. The blood changes in color to a black fluid, then yellow, then turquoise.

268 CLOSE SHOT - ASH - 5 CAMERAS

Screaming as he looks down at his wrist. CAMERA PANS DOWN to it. The severed wrist begins dribbling blood. Then in a burst, it too, erupts in a hellish fire hose. It spouts blood under such great pressure that ASH is driven against the walls of the cabin because of it.

He screams.

Henrietta's arm rips through the earth and grabs Ash's leg as he tries to back away. The corpse that was Henrietta pulls itself from the grave and emits a wail. She turns her twisted body to face Ash. Moths fly about her in a flurry.

SCREAMING at the sight of the beast.

**ANNIE**
For God's sake! That's my mother!

One of Henrietta's rotted hands reach up from the cellar grabbing Jake.

As he moves to help Jake, Henrietta swats at his jaw, knocking him backward into a picture frame. He shatters it with his head and slumps to the floor.

As he moves toward the trapdoor.

Ash's foot kicks the trapdoor shut and crushes Henrietta's Pee-Wee head between the door and the floorboards.

Ash leaps down upon the trapdoor, slamming it to pin Pee-Wee head sideways. The pressure sends her left eyeball popping from her head, like a cork from a champagne bottle.

Henrietta's eyeball and trailing optic nerve - mounted on glass - panning with the eyeball as it sails through
space.

Jake sprays a can of air freshener about the room. He holds his nose. Ash tosses a bloodied sheet, containing the remains of possessed Ed to the floor. It lands with a sickening thud. Wiping his face with a rag, Ash moves off in disgust. We hold on the bundled sheet as the trap door next to it silently opens. Henrietta's rotted hand emerges, unnoticed by the others in the room.

Jake turns to Ash.

JAKE
We gotta go out there and find her!

ASH
If she went out in those woods, she's not coming back.

Jake turns back to the window. Ash turns to Annie. He glances down at the pages that Annie is looking over.
One of the pages is a clear pictorial of Ash as the "Hero from the Sky."

Ash shudders.

What is it?

Felt like someone just walked over my grave. It's that picture.

Annie looks to it.

In 1300 AD. This was the "Hero from the Sky," who was prophesized to destroy this Evil.

He didn't do a very good job.

What about the passages?

As she quickly gives the pages a cursory glance.

Here it is. Two passages.

For the first time, she smiles at Ash.

We've got it!
Finally seeing his salvation, his face shows hope.

Annie reads through the pages.

**ANNIE**
Recitation of the first passage will make this "Dark Spirit" manifest itself in the flesh.

**ASH**
Why the hell would we want to do that?

Annie thumbs through one or two of the other pages.

**ANNIE**
Recitation of the second passage creates a kind of rift in time and space, and the physical manifestation of this spirit can be forced back through this rift... to an earlier time and place. At least that's the best translation I can....

**CLICKITY CLICK**

Annie and Ash look up to the source of the sound.

He has just snapped a shell into the firing chamber of the shotgun. He points it at Ash and Annie.

**JAKE**
I'm runnin' the show now.

Standing together, confused.
JAKE
We're goin' outside into those woods to look for Bobby Joe, an' once we find her, we're gettin' the hell outta here.

ASH
If you want to look for her, go ahead.

JAKE
You two comin' with me. I ain't goin' out there alone.

ASH
NO, YOU IDIOT. You'll kill us all. She's dead by now. With these pages we can...

Jake grabs the pages from Annie's hand.

JAKE
Those pages don't mean shit.

Jake kicks the pages down into the cellar. Ash and Annie look on in horror.

JAKE
'Sides. Now you ain't got no, choice.

Jake pushes at Ash with the barrel of the shotgun.

ASH
No trail. Which way do you intend to go?

Looking confused and frightened. He calls out desperately.

JAKE

ANNIE

As she pulls Jake's ankle from the door and slams it. All is again silent.

509A  INT. CABIN - REAR HALLWAY - NIGHT - ANNIE AND JAKE
Annie kneels down next to a moaning Jake, driving the dagger in a little deeper by accident. He cries out in pain.

JAKE

Jake moans and dies.

509B  CLOSE SHOT - ANNIE

509C  TRACKING SHOT - ANNIE - REAR HALLWAY - NIGHT

509D  ANNIE'S POV - REAR HALLWAY/MAIN ROOM - NIGHT
As she moves towards the main room.

509E  MAIN ROOM - NIGHT - ANNIE
Annie enters the room. She shudders from the cold. CAMERA PANS with her glance to broken glass upon the floor, and over to reveal the bashed out window and the curtains fluttering in the wind.

509F  MEDIUM SHOT - ANNIE
Petrified. Looking about. Knowing that the monster Ash may be lurking close.
As she moves about the main room, picking up the axe. With her back toward us she doesn't notice Ash's hand appear suddenly in the foreground atop the writing desk. She turns suddenly towards camera.

Ash's evil hand sits upon the table. It scampers off. Annie turns and comes face to face with Possessed Ash! He bellows at her and grabs her as she shrieks bloody murder!

He picks her up and swings her across the room, into the wall. She slumps to the floor unconscious.

As he lumbers toward her. A glitter of light on the floor, next to her, catches his eye.

For the first time, calm, as he looks intently down at the floor. He kneels closer.

The NECKLACE of Linda.
The sight of the necklace strikes the human cord within him. He is confused, his evil self, battling for control of his spirit and body. He reaches to pick it up.

As he slowly picks up the delicate silver necklace. He raises it to his face;

**LINDA (V.O.)**

I'll never take it off.

And then it hits him. The emotion of love lost. It floods the monster that is ASH. He clutches the necklace tightly to his bestial chest. And as the Love/waltz theme sweeps up in volume on the sound track, the monster begins to cry.

Ash raises his head and lets out a low, lamenting, and pitiful wail. A man trapped in the shell of a beast, crying for the one he has lost.

As he raises his head. Tears stream down from his eyes, washing away the caked on blood.

His face begins to change. His skin loses its white pallor. His blackened, infected cuts disappear. The swollen and cracked surface of his face begins to heal.

Ash's eyes change from white to brown.
As the last tears roll down Ash's face, he is once again human. Ash looks up suddenly with a start.

He looks up to Annie, the moment of truth.

549 CLOSE SHOT - ANNIE

Hair tousled over her sweating face, returns his glance, expectant.
Ash extends his chainsaw arm, pulling on the starter cord. The CHAINSAW ROARS to life. With his free arm Ash raises the shotgun. He lowers the blade of the chainsaw down upon the barrel. Sparks fly as the saw cuts through it. The long barrel falls to the floor. Ash is left with a sawed off shotgun in one hand and a chainsaw strapped to his other arm.

With a fancy style western flip to the gun Ash saddles the shotgun in a makeshift holster, strapped to his back.

The CAMERA SLOWLY TRACKS into Ash's face.

ASH

Groovy.

In the distance, the tiny figures of Ash and Annie as they move from the workshed to the cabin. In the foreground is a large oak tree. A gnarled human-like face can be made out on the surface of the tree. It is lit from beneath and slowly brought up on a dimmer. A horrible twisted tree face. It suddenly opens its mouth and breathes in a gust of air with a terrible wheezing sound, as though in great pain at being brought to life. It turns sharply towards the cabin.

Second tree face, brought up on a dimmer, opens its mouth and loudly draws in air, also in agony.

A third tree's twisted face, two human eyes opened wide on its surface. It breathes, then barks a guttural sound.
In the foreground is the base of a large oak tree. The cabin in the distance. A rumbling is heard. Then suddenly the tree pulls one of its massive roots from the earth. The tree sets its root down a few feet closer to the cabin.

ASH ON FLYING RIG

We are now within the vortex. A swirling mass of colors and clouds. And nightmarish sound effects.

Objects come AT US from the distance and roar past, an uprooted tree, the grandfather clock with its hands winding backwards at an incredible rate, Ash spinning AT US, hand over foot, screaming. The chainsaw still mounted to his wrist.

The vortex is distorting Ash's features as he is rocketed back through the dark void of time.

PLATE FOR PREVIOUS SCENE  (STOCK FOOTAGE)

A wild and rapid pictorial collage of human history winding back from the present through the centuries lasting seven seconds.
A hole opens in the air with a sharp CRACKLING SOUND. Ash is spat from this hole and falls downward through frame.

Plunged to the dust. Debris from the demolished cabin rains down around him; his shotgun, the 1973 Delta 88 Oldsmobile and the old grandfather clock.

676  ASH'S POV. - THE RIFT IN THE SKY - MITCHELL
As it seals shut, leaving only the blue sky and the sound of tweeting birds. Ash's view of the serene sky changes abruptly as five steel helmets jut into his line of sight. Five armor-clad medieval WARRIORS stand directly over him.

As he looks to the warriors above him.
The first warrior raises a bloodstained longsword and poises it above Ash's head.

WARRIOR #1
Slay the beast!

WARRIOR #2
'Tis a deadite!

All raise their swords ready for the kill.

679  MED. SHOT – THE WARRIORS

Halt as they hear a piercing, high-pitched SCREECH. They turn their heads skyward.

(STOP MOTION/REAR SCREEN)

MED. SHOT

A "WINGED DEADITE," a female harpy like creature with the tail of a sea horse and man-sized bat wings, enabling it to fly. The screaming beast swoops down towards the warriors and horses. High above, the distant shapes of other Winged Deadites circle.

(UNDERCRANKED) – CRANE – WIND FAN

As we swoop down toward the warriors and Ash.

683A  OMIT
As he springs to his feet. With a lightning thrust he reaches behind him.

As he grabs at the gun from its holster. He swings it around front and pulls the trigger.

It discharges flame.

It explodes.

The beast continues to flap its wings and fly about a moment before falling to a heap in the dust.
As he looks to Ash.

691 MED. SHOT - WARRIORS

They follow his gaze. The CAMERA PANS TO Ash. He stands alone on a small pile of rubble clutching his smoldering shotgun. He looks about dazedly. He tries to get his bearings.

692 WIDE SHOT - WARRIORS

They falter. Unsure of how to react to this strange man, who a moment before was pronounced a Deadite. From the crowd, the Warrior #1 calls out:

WARRIOR #1
Hail he, who has come from the sky,
to deliver us from the terrors of
the deadites!

WARRIOR #4
Hail!

WARRIOR #5
Hail!

The cry is taken up by all. A line of medieval warriors bow. Then twenty. Then fifty. All remove their helmets and kneel silently in the dust.

Somewhere in the distance a DRUM SOUNDS. Ash stands frozen. Terrified, unsure of where or when he is. Knowing only for the present, he is alive.

As the wind kicks up blowing dust, Ash strikes a familiar pose. It is the same image of the "Hero from the Sky" that we saw earlier in the film. The strange "jagged edged longsword" is Ash's chainsaw.

The CAMERA PULLS BACK from him as a great medieval castle rears up INTO FRAME. It is seen to be the castle of Kandar. The same castle we saw in the beginning of the film. Now, however, the castle is not a ruin, but brand new. As the CAMERA continues to pull back from Ash, the title "EVIL DEAD" appears on the screen accompanied by the distant ROAR of some dying animal: The SCREEN cuts to BLACK WITH A THUNDEROUS BOOM.
