INT. DARKROOM - INTERVIEW 1

In a photographic DARKROOM: old optical enlargers, porcelain trays, timers, and stills hanging out to dry.

GEORGE MATLIN, a slightly obese, nearsighted man in his seventies.

OLD MATLIN
Is he real? Oh yeah -- Absolutely.

Super: CPL. GEORGE MATLIN, combat photographer.

OLD MATLIN
I haven't talked about it for years, you know?
(looks at the camera)
 Everyone called me crazy...

Matlin smiles as he paws through a box of old negatives.

OLD MATLIN
But I have the negative.

Someone turns on the darkroom's red safety light for an eerie, dramatic effect.

TECHNICIAN'S VOICE
Get ready, 3-2-1... Roll tape.

OLD MATLIN
It all started back in '44. I was a Corps photographer aboard an allied submarine...
CUT TO:

INT. SUBMARINE HALLWAY - NIGHT

YOUNG MATLIN's hands again paw through a bunch of negatives, again under a red light. Now, at 21, he's wedged in a submarine corridor, a crowded maze of pipes and gauges. 35mm still cameras dangle from his neck. He shrinks back as a squad of MARINES hustles past him, loading weapons.

OLD MATLIN'S VOICE
...off the coast of Scotland.
Classified mission. I was 21...

SGT. WHITMAN, 44, tough as nails, pushes through, his uniform soaked in sweat.

OLD MATLIN'S VOICE
We had an English civilian on board. Not much older than me but already an advisor to President Roosevelt. "Paranormal" advisor, I kid you not -- Whitman continues down the passageway until he reaches a small...

INT. SUBMARINE STATEROOM - NIGHT

Within, an incongruously proper young Englishman "reading" an ancient set of Tarot cards.

OLD MATLIN'S VOICE
His name was Trevor. Profesor Trevor --

WHITMAN
-- Broom! Topside, now.

TREVOR "BROOM" BRUTTENHOLM is a gaunt, olive-skinned man in his late twenties. In his hands, a tarot deck. He turns cards face up: THE FOOL, THE MOON...

WHITMAN
The sooner we're done, the better.
Broom grabs a worn-down wooden box full of books and amulets. It has a leather strap that allows him to carry it, much like a carpenter's tool box.

BROOM
This is an important mission, Sgt. Whitman. I hope you realize that.

WHITMAN
Oh -- you don't wanna know what I think. Topside, now.

He moves away. Broom takes a small box and a few amulets.

Before exiting, he pauses and tensely turns the last TAROT CARD: THE DEVIL.

INT/EXT. SCOTLAND - TUNNEL - NIGHT

Super: OCTOBER 9, 1944, SCOTLAND.

It's raining like hell now. Soldiers move through a short tunnel carved into the mountain.

Whitman signals his men to spread out, then comes alongside Broom.

BROOM
Sgt. Whitman!! Sgt. Whitman!! May I have a word??

WHITMAN
(impatient)
What is it?

BROOM
In private, if you don't mind...

EXT. SCOTLAND CHAPEL REMAINS
They enter the remains of a small chapel. Broom produces the small box. It's full of rosaries.

**BROOM**
Your men -- They'll need these --

Whitman scowls and huffs. A life-sized wooden Christ contemplates the scene from above.

**WHITMAN**
You are a Catholic??

**BROOM**
Amongst other things, yes -- but that's hardly the point.

Whitman locks and loads an automatic.

**WHITMAN**
Here. You'll need one of these.

**BROOM**
I abhor violence.
(Whitman moves away)
Sergeant Whitman, I hope you don't think me mad --

**WHITMAN**
Three days too late for that one, "professor."

He moves away. Broom looks up to the wooden Christ: It has no eyes.

**EXT. DITCH**

MATLIN hauls his tripod and gear and joins the troops on the move. Broom catches up with Whitman.

**WHITMAN**
You're wasting our time: There's nothing on this island but sheep and rocks.

**BROOM**
Ruins. Not rocks. The remains of Trondham Abbey. Built on an intersection of Ley Lines, the boundaries between our world and the
other --

**WHITMAN**
(interrupts him)
What a load of crap. Hell, a week ago I hadn't even heard the word paranormal --

**BROOM**
"Paranormal"
(Whitman moves on)
But -- you read the transmission.

**WHITMAN**
Half transmission. Nonsense -- German ghost stories!

**BROOM**
I have seen ghosts, Whitman.

**WHITMAN**
Oh, I'll bet you have.

Reaching a slope, Matlin sets down his camera. Turning, he sees lights.

**MATLIN**
Sweet Jesus.

Drenched, Broom and Whitman look down upon an impressive ROMANESQUE RUIN. Under worklights, dozens of NAZI SOLDIERS swarm among thick stone walls and archways.

**BROOM**
They must be here for the sheep.

**OMIT**

**EXT. AMONG THE RUINS - NIGHT**

A dozen German soldiers swiftly assemble a large steel MACHINE. The work is monitored by a spindly Nazi in BLACK LEATHER, his face covered by an odd gas mask: KROENEN.

**WHITMAN**
The freak in the gas mask --

**BROOM**
Karl Ruprecht Kroenen, one of the Reich's top Scientists. Head of the Thule Occult Society.

EXT. NEARBY - BROOM - NIGHT

He lowers a pair of binoculars and passes them to Whitman.

BROOM
If he's here, this is worse than I thought.

WHITMAN
(to the radio man)
Air and sea backup. What's closest?

The RADIOMAN cranks a transmitter to life.

RADIO MAN
Londonderry, sir. Forty minutes away.

BROOM
We don't have forty minutes.

EXT. ABBEY RUINS - ALTAR AREA - NIGHT

Kroenen throws a switch: On the machine, dozens of gears respond!

Steam pistons thrust copper rails upright, lifting two mighty metal rings, not unlike a gyroscope. Kroenen grunts and signals for more floodlights to be turned on.

EXT. BEHIND THE ALTAR - NIGHT

The lights flood an ancient sacristy lined with eroded stone saints. GRIGORY, tall and gaunt, stands naked, arms fully extended.

GRIGORY
No matter what happens to me, you must carry on with the work.

ILSA, a severe, ageless Aryan beauty, reverentially drapes an embroidered robe over his bony shoulders.
ILSA
I will not leave you.

GRIGORY
Yes, you will... Leave me. Deny me.

ILSA
Never --

He hands her a small LEATHER-BOUND BOOK. It contains hand-drawn notes and illustrations.

GRIGORY
This will guide you back to me.

He pulls her close, the clouds of their breath mingling.

GRIGORY
I grant you everlasting life, youth and the power to serve me.

He dips his fingers in a wooden bowl full of blood, then wipes her tears away with a crimson thumb, both a consolation and a ritual.

VON KRUPT, an acrid German General, wearing dark SCARLET glasses and LEATHER GLOVES, appears. Looks at his pocket watch. On the gold lid: a SWASTIKA.

VON KRUPT
It's time.

OMIT

EXT. ABBEY RUINS - ALTAR AREA - CEREMONY - NIGHT

Grigory walks towards the machine, its colossal steel and copper clockworks gleaming in the floodlights.

VON KRUPT
Five years of research and construction, Grigory. Five years!!

He strides alongside Grigory and Ilsa, who holds an umbrella
to shield her master from the pouring rain.

VON KRUP
The furhrer doesn't look kindly on failure.

GRIGORY
There will be no failure, General. I promised Herr Hitler a miracle. I'll deliver one.

Kroenen mutters excitedly as he opens a polished oak box containing a massive gold and copper MECHA-GLOVE.

Grigory extends his hand so that KROENEN may fit him with the contraption, which is attached to cables and hoses.

EXT. THE HILLTOP - ALLIED SOLDIERS - NIGHT

The Americans fan out, unseen.

Broom and Whitman dive into a ditch barely in time to avoid a German foot patrol.

Other GI's take up positions below a machine gun nest.

EXT. ABBEY RUINS - ALTAR AREA - NIGHT

Grigory walks to the top of the altar, cables trailing behind him.

GRIGORI
Tonight, We will open a portal and awaken the OGDRU JAHAD: The seven Gods of chaos.

(beat)
Our enemies will be destroyed. In an instant, all impurity in this world will be razed and from the ashes a new eden will arise.

He looks down at the machine and whispers --

GRIGORY
Ragnarok, Anung Ia Anung.

He flexes his fingers and in response --
-- the two metal rings swing around the machine's axis. TCHINK!!! WHIRRR!!! STEAM escapes from the ducts and pipes. An invisible blast of energy forces the falling rain to swerve momentarily away from Grigory's body.

Ilsa signals TWO NAZI SCIENTISTS standing at a control panel.

**ILSA**

More Power!! Don't let the level drop!!

One of them inserts a 20 inch SOLID GOLD CYLINDER into the machine. Two openings remain vacant next to it. A blade of light opens in the air!

Burning symbols slash the air, like living serpents of fire.

**EXT. COSMIC SLIT - NIGHT**

The edges of the cosmic slit sizzle with color; an ALIEN GALAXY sparkles on the other side. Suddenly, a work light tears loose and flies in.

**EXT. COSMIC SLIT - FROM THE OTHER SIDE - NIGHT**

The six-foot work light tumbles by the massive OGDRU JAHAD: seven egg-like monoliths of unholy origin. Within their translucent walls, horrible creatures lie slumbering. As the light sweeps by, one of the giants opens a filmy eye, and then another, and another, and another...

Fleshy tentacles move lazily within their crystalline prison.

**EXT. ABBEY RUINS - ALTAR AREA - NIGHT**

Grigory screams as his body rises. Veins swell in his neck, his face distorted by ecstasy and pain.
CLICK. Someone shoots a photograph.

**EXT. RUINS - IN THE UNDERBRUSH - NIGHT**

It's Matlin, snapping for all he's worth. Whitman pulls him down and pulls out a large bayonet blade.

**WHITMAN**

Listen to me, you moron: you do that again, I'll carve you a new --

Too late. One of the NAZI SCIENTIST has heard them.

**EXT. RUINS, IN THE UNDERBRUSH - NIGHT**

The Nazi SCIENTIST approaches. Pauses next to the box with the GOLD CYLINDERS.

**BROOM**

(fierce whisper, to **WHITMAN**)

Listen to me!!! The portal is open!!!
We have to stop them!!

**EXT. ABBEY RUINS - ALTAR AREA - NIGHT**

Grigory dangles like a marionette in a new surge of energy.

Even the skeptical Von Krupt is in thrall.

But the NAZI SCIENTIST reaches for a second GOLD CYLINDER.

something else lands next to him: A GRENADE!!!

The explosion blows him to pieces. In a few seconds, the squad of Allies storms the area.

A hail of bullets cuts down a dozen Nazis. The Allies overrun the machine gun nest as grenades explode everywhere.

VON KRUPP shoots wildly, hitting Broom in the leg. But Whitman's bullets rip into the old Nazi's chest.

Leaving a trail of blood, Broom crawls to a dead G.I. and grabs a grenade from his belt.
TCHKKK!!! Kroenen extends two gleaming blades from twin steel bands on his wrists and takes on an entire group of soldiers, mowing through them with swords spinning like deadly rotors. The steel chops clean through their weapons.

Broom pulls the pin and throws the grenade at the generator. CLICK-CLACK!! It wedges itself between two moving tie rods.

Kroenen squeals and -- retracting his blades -- lunges after it. The gyrating rails slice through his leather jacket. As his fingers reach the grenade, it EXPLODES!!! Kroenen flies through the air, hitting a stone wall, where two long pieces of shrapnel pin him like an insect. Another rail plunges -- FFFFT!!, like a javelin -- into the earth right next to MATLIN.

ILSA

Grigory!

EXT. ABBEY RUINS - ALTAR AREA - NIGHT

Grigory's face is distorted, pulled like ectoplasmic taffy, suddenly metal.

his body contorting and breaking. The cosmic portal implodes! Nothing is left but a few burnt rails and the glove, empty and smoking.

As the Allies approach, the fighting rages on.

Grigory and Ilsa are gone. And for now, so is Kroenen. Embedded in the wall where he was pinned, two bloody rails, nothing more.

OMIT

EXT. INSIDE THE CHURCH - NIGHT
Allied SOLDIERS penetrate the ruins. Matlin helps Broom up.

**MATLIN**
It's almost over!!

**BROOM**
No. It's not.

He picks up a sample of white, viscous goo from the outer rings of the smoking machine. Whitman approaches.

**BROOM**
Cordon off the area. Something came through.

**WHITMAN**
From where??!!

Broom glances at a 13th century FRESCO depicting heaven and hell.

**EXT. INSIDE CHURCH RUINS - NIGHT**

Still raining. A group of soldiers spreads out, using flashlights to scour through the rubble. Every one of them has a rosary hanging from the bayonet.

**OMIT**

**EXT. INSIDE CHAPEL RUINS - NIGHT**

Broom hastily bandages his bleeding leg. Matlin and Whitman roam over the debris. Rain POURS through the broken roof.

**MATLIN**
Do you believe in hell?

**BROOM**
There is a place -- a dark place where evil slumbers and awaits to return. From there it infects our dreams. Our thoughts. Grigory gave us a glance tonight --

**MATLIN**
Grigory -- That's Russian, right?
(Broom nods)
Thought they were on our side...

**BROOM**
Grigory Yefimovich Rasputin --

**MATLIN**
C'mon -- Rasputin??

**BROOM**
Spiritual advisor to the Romanovs.
(beat)
In 1916, at a dinner in his honor, he was poisoned, shot, stabbed, clubbed, drowned and castrated.

**MATLIN**
That makes him more than a hundred --

A rustling sound reaches their ears. Matlin readies a handgun as Broom scans the walls with his flashlight. Something moves, accompanied by a loud scrape.

Matlin cocks his pistol and nervously approaches a crumbling statue. SCREEEECH!!! A RED THING jumps into the air!! Instinctively, Matlin shoots at it.

The RED THING leaps from arch to arch, followed by a trail of bullet hits. Whitman and other soldiers join them --

**MATLIN**
(to Broom)
What the hell was that? An ape?

**BROOM**
No. It was red. Bright red.

**WHITMAN**
What are you two talking about??

**MATLIN**
A red ape.

**BROOM**
It's-not-an-ape --

They hear the labored breathing of a living creature.
MATLIN
It's got a big stone -- in its hand --

BROOM
I think that is its hand.

Hissing, the thing cowers between a gargoyle and a stone saint.

WHITMAN points his gun at the scarlet shape above. Broom stops him from firing.

BROOM
Wait --

In deep shadow, the RED THING observes with bright, golden eyes veined with streaks of burnt sienna. Broom slowly fishes a BABY RUTH candy bar from his pocket. Peeling back the wrapper, he slowly waves the candy. The RED THING shrinks back. Broom bites into the candy and chews, noisily smacking his lips. Offers the candy again. This time, out of the dark comes a small FACE, not very different from the stone demons around it.

The creature extends its right arm: it's solid stone with tiny runes engraved around the thick, cylindrical wrist. Four articulated stone fingers wiggle, reaching for the chocolate.

YOUNG SOLDIER
Jesus! would'ya look at the size of that whammer!

Whitman moves closer. On the wall behind him, a shadow shows the RED THING climbing into Broom's arms. Broom tenderly covers it with a blanket. The stubby
snatch the candy. Broom smiles.

**BROOM**
It's a boy. Just a baby boy.

**EXT. CHAPEL RUINS - NIGHT**

The soldiers cluster around, curious to see it. Matlin prepares his camera and directs them into a group shot. Broom smiles like a proud new father and embraces the creature, patting him gently. CLICK!!!

**OLD MATLIN'S VOICE**
Best photo of my career --

**CUT TO:**

**INT. DARKROOM - BACK TO INTERVIEW 1**

**OLD MATLIN**
and no one has ever seen it. They keep saying he's not real, but I want to set the record straight before I go.

Matlin finally pulls an old 8x10 from a battered portfolio. He smiles, full of memories.

**OLD MATLIN**
Here. The real picture, not the retouched one in LIFE magazine. (hands over the photograph) This is him. The very same night we found him. The night Broom gave him that name. (beat) Can I say it on TV? He called him --

**EXT. INSIDE THE CHURCH - BACK TO '44 - NIGHT**

**BROOM**
(smiles at the creature)
**HELLBOY.**

Inside the blanket, Hellboy blinks his bright golden eyes
and chews candy, his devilish red tail twitching happily.

CUT TO:

HELLBOY - MAIN TITLE

Montage: Tabloid covers and news clippings screaming HELLBOY SIGHTING IN RENO!! GOVERNMENT DENIAL!! etc.

TV Newscasters read lurid copy. SPRINGER excerpts (fist fight included) feature the show's theme: I WAS HELLBOY'S BRIDE!!

Some blurry, grainy footage depicts Hellboy crossing an alley. Much like Bigfoot in the woods.

**TOM MANNING (V.O.)**

Look at that. That's a costume. These people amaze me.

INT. STUDIO T.V. HOST SHOW - INTERVIEW #2 - DAY

MANNING is a balding, official-looking guy in a suit.

**MANNING**

With their conveniently blurry footage of their beloved "Hellboy." And they claim that he works for the FBI-?

SUPER ON TV:

**TOM MANNING, F.B.I.**

HEAD OF SPECIAL OPERATIONS.

Manning on a TV SHOW a la Regis Philbin.

**TV HOST**

As the head of your division, you -- You have seen dozens of pictures like this!!!

**MANNING**

Exactly -- so, why is it that they're all out of focus? C'mon!! God knows, people manage to get good pictures at a wedding!!
He shows a blurry picture.

MANNING
That's the alleged best man -- ?

The audience applauds.

EXT. HIGH MOUNTAINS, EASTERN EUROPE - DAY

In the thick of a snowstorm, THREE FIGURES climb the icy steps of a massive rock formation.

Super: BIRGAU PASS, MOLDAVIA, PRESENT DAY.

EXT. HIGH MOUNTAINS (SET), EASTERN EUROPE - DAY

The THREE FIGURES move through a narrow passage until they reach a DEAD END.

FIGURE 1 stops at a symbol carved in the rocky ground and consults Grigory's LEATHER-BOUND BOOK. The symbol matches an illustration in the book.

Before them, a thick wall of ice. Using a heavy steel hammer, FIGURE 1 breaks through.

PEASANT GUIDE
I will guide you no further.

Figure 2 produces two small GOLD INGOTS. Hands one to the guide. Keeps the other one.

The Guide examines his pay greedily: engraved in it: a SWASTIKA.

INT. ICE CAVE - SMALL CORRIDOR - DAY

The ice curtain collapses, revealing a rough-walled corridor.

FIGURE 1 spots a glowing firefly. They follow it into -

INT. ICE CAVE - MAIN NAIVE - DAY
A cathedral-like vault that could easily hold a stadium.

From an opening somewhere above, eerie blue light streams down on a magnificent labyrinth.

A few more fireflies speckle the air, winking on and off.

**INT. ICE CAVE - Labyrinth - DAY**

The THREE FIGURES move past cyclopean statues guarding the monumental architecture. The humans are dwarfed by the scale of the walkways and ramparts.

**INT. ICE CAVE - CENTRAL LABYRINTH AREA - DAY**

At the center of the labyrinth the stone floor is covered in grooves radiating from a shallow stone basin.

FIGURE 3 uncovers his face: he's a PEASANT GUIDE.

**PEASANT GUIDE**

(in Romanian)

We shouldn't be here --

FIGURE 1 exchanges a meaningful look with FIGURE 2. On thought, he throws two solid gold pieces at the feet of the Sherpa. On them, an embossed SWASTIKA. After a greedy moment of thought, the Peasant kneels to pick up the gold.

TCHKK!!! A long, shiny blade pierces the Peasant's chest from behind. He blinks twice and slumps forward.

FIGURE 2 steps out from behind him, a long, bloody blade in his hand.

The figures uncover their faces. ILSA has not aged and KROENEN, still wears the same tight gas mask. He cleans his blade in the snow and takes back the gold.

Ilsa watches the Sherpa's blood as it runs in a
rivulet, tracing a glyph in the grooves and filling the basin.

A FIGURE RISES FROM THE BLOOD. A naked human shape, haloed by fireflies.

ILSA
Your eyes. What did they do to your eyes?

CUT TO:

INT. DOCTOR'S OFFICE - DAY

Mechanized rollers transport X-Ray films over a backlit screen. A group of 4 DOCTORS studies the pictures and exchanges somber looks. Rain spatters the windows.

Doctor 1 glances at the others.

DOCTOR 1
Have you told him yet?

Doctor 2 looks through a glass partition at an aged but dignified BROOM, 72, who slowly buttons his shirt. Hanging from his wrist, his rosary.

INT. DOCTORS OFFICE - EXAMINATION ROOM - DAY

DOCTOR 2
Malignant sarcoma. In the lungs... the spine, liver...

BROOM
Approximately... how long??

DOCTOR 2
Maybe -- six weeks.

Broom impassively takes in the information.

DOCTOR 2
I can arrange for hospitalization, pain management. Make the time more bearable --

Broom pensively shuffles his tarot cards.

BROOM
I'd rather... stay home, you know.
I'll be making arrangements --
(beat)
For my son.

DOCTOR 2
You can always get a second opinion.

Broom looks down: first card off the deck: DEATH.

BROOM
That won't be necessary.

EXT. N.Y. - MANHATTAN STREET - DAY

Leaves stir on the pavement. All the stores are decorated for Halloween. Two kids dressed as SKELETONS run in front of Broom, carrying a JACK-O-LANTERN.

Leaning on a cane, Broom exits the building and walks toward the street. Broom pauses to buy a dozen BABY RUTH candy bars from a vendor.

In an ELECTRONICS STORE, a wall of TV's. The image of a RED, BLURRY SHAPE (HELLBOY) fills the screens.

BROOM
(seeing this)
Son...

TV HOST
Mister Manning, what about the "Bureau for Paranormal Research and Defense?"
The FBI has been known to conceal --

TOM MANNING
That word -- conceal --

Paranormal Research and --

TOM MANNING
-- Defense, right, well -- I'm here to clear up this once and for all. (he looks at the camera)
There-is-no-such-thing.

Broom smiles.

EXT. B.P.R.D. BUILDING COMPLEX - DAY

On a wooded, new jersey hill, a low-slung, high-tech complex rests at the edge of a bluff, its foundation fused with the rock below.

SUPER: BUREAU FOR PARANORMAL RESEARCH AND DEFENSE,
NEWARK, N.J.

EXT. B.P.R.D. COMPLEX - GATE ENTRANCE - DAY

A dolled-up MOD-STYLE moped stops at the massive gate. Strapped to the luggage rack are two cheap suitcases. The old driver, a very wet YOUNG MAN named MYERS, touches an fashioned buzzer under a sign reading "WASTE MANAGEMENT"

A crackling INTERCOM VOICE answers.

INTERCOM VOICE

Yes?

MYERS
(shiverering)
John Myers, F.B.I. Transfer from Quantico.

A beat, then -- WHIRRR!!! An EYEPIECE and an LCD screen scanner pop out.
Myers looks into the eyepiece. On the screen, Myers' cornea is scanned. TWO VIOLET FLASHES. His ID and badge numbers appear. CLACK! The gate opens.

EXT. UPHILL ROAD - THE MOPED - DAY

The moped putt-putts towards the building in the distance.

INT. B.P.R.D. LOBBY - DAY

Seated at a dramatic circular desk is a solitary guard. Myers approaches.

MYERS
Hello, I'm --

LOBBY GUARD
-- Late. Five minutes late.

MYERS
Yes, I --

LOBBY GUARD
-- Section fifty-one. Step back.

MYERS
Pardon?

LOBBY GUARD
Two steps back, please.

Confused, Myers picks up his suitcases and complies. He realizes he's DEAD CENTER on a giant B.P.R.D. Logo: A HAND HOLDING A SWORD.

LOBBY GUARD
Watch your hands and elbows.

Immediately, the floor under Myers' feet starts down. He's on a small elevator.

INT./EXT. OPEN ELEVATOR - ON THE WAY DOWN - DAY
The panel overhead slides shut. A row of safety lights come on.

**INT. OPEN ELEVATOR - DAY**

He's in a vast underground area with other elevators moving up and down in the distance.

**INT. B.P.R.D. - CONCRETE CHAMBER 51 - DUSK**

The elevator stops in a narrow, dark space. Neon lights flicker on, illuminating a circular chamber. PAINTED on the floor is a huge number: 51.

**INT. BROOM'S OFFICE (FULL AQUARIUM) - DUSK**

Myers looks around, fascinated: books. An office made of them. The soft glow of green-shaded reading lamps bathes everything in an intimate, warm light.

One entire wall is a thick pane of glass, the wall of a huge tank of water. A VOICE crackles through an intercom next to the tank.

**VOICE**

Turn the pages, please.

Myers jumps, then moves closer to the glass.

**VOICE**

Over here... if you don't mind?

In the tank, ABE SAPIEN, a FISH-MAN glides in and out view.

**MYERS**

Jesus Christ!

Myers looks at four BOOK STANDS facing the glass. Each
supports an open volume. He leans close to the glass, peering intently.

Abe reappears. He is slender, dolphin gray, with dark patterns streaking his soft skin. Bright blue eyes shine with intelligence. Behind a thin wound-like mouth, gills are bubbling.

**MYERS**
(points at the books)
These -- ? You're reading these -- ?

Abe nods. Through a side door, Broom enters.

**BROOM**
Four books at once. Every day -- as long as I'm here to turn the pages. (smiles) My name's Broom. Professor Trevor Broom.

Myers extends his hand in greeting --

**MYERS**
Sir, I'm --

BAM! Abe presses his webbed hand against the glass, closes his eyes -- all three lids.
Abe's voice surges from the speaker.

**ABE**
Agent John T. Myers, Kansas City, 76. "T" stands for Thaddeus, mother's older brother. Scar on your chin happened when you were ten, you still wonder if it's ever going to fade away.

**MYERS**
How did it --

**BROOM**
-- He. Not "it."

**BROOM**
Abraham Sapien. Discovered alive in a secret chamber at St. Trinian's Foundling Hospital, Washington.
Points at a small piece of antique paper, framed on the wall.

BROOM
They took his name from this little inscription that was stuck on his tank.

MYERS
(reads)
Icthyo Sapiens, April 14, 1865.

BROOM
The day Abraham Lincoln died. Hence "Abe" Sapien.

Broom uncovers a tray by the tank: Four greenish eggs.

MYERS
Gags and reels back.

BROOM
Rotten eggs, a delicacy. Abe loves them.

Abe smiles and takes a subaquatic bow, gracefully nabbing the eggs as they float through the hatch.

MYERS
How does he know so much about me?

BROOM
Abe possesses a unique frontal lobe.
(beat)
"Unique." That's a word you'll hear quite a bit around here.

MYERS
Where am I -- exactly, Sir?

BROOM
As you entered the lobby there was an inscription --

MYERS
On the desk, yes. In Latin.

BROOM
Impressive. Do you remember what it said?
MYERS
(sighs)
"In absentia luci, tenebrae
vinciunt..."

BROOM
"In the absence of light, darkness
prevails." For there are things that
go bump in the night, Agent Myers.
(smiles)
We are the ones who bump back.

CUT TO:

INT. B.P.R.D. - FREAK CORRIDOR "A" - NIGHT

Myers and Broom walk down a corridor. The walls are
lined
with glass cases containing occult artifacts. Myers
eyes a
MUMMIFIED HAND, a CLAY GOLEM, a sumptuous PAGAN
ALTAR...

BROOM
1937: Hitler joins "The Thule Society" --
a group of German aristocrats obsessed
with the occult.

He points to an ANCIENT, BROKEN LANCE.

BROOM
1938: he acquires the Spear of
Longinus, which pierced the body of
Christ. He who holds it becomes
invincible.

He gestures at an ancient LANCE. Next to it: a silver
and
gold reliquary.

BROOM
Hitler's power increases tenfold.

They go through a series of pneumatic doors.

BROOM
In 1943, President Roosevelt decides
to fight back. THE BUREAU FOR
PARANORMAL RESEARCH AND DEFENSE is
born.

Workmen are replacing two of the doors. Big dents from an oversized fist have deformed the 2-inch thick metal plates. Myers stares.

**BROOM**

1958, the occult war finally ends when Adolf Hitler dies.

**MYERS**

1945, you mean. Hitler died in '45.

**BROOM**

(enigmatic smile)

Did he, now?

They reach a **FINAL DOOR**. Stainless steel, like a **BANK VAULT**.

Waiting there is **AGENT CLAY**, a burly guy in a suit, with a cartful of **BEEF AND MASHED POTATOES**. A dinner pile at least 4 feet high.

**BROOM**

Agent Myers, this is Agent Clay. Follow his lead.

Broom hands Myers two **BABY RUTH** bars and walks away.

**MYERS**

You're not coming?

Broom signals "no."

**BROOM**

I hand-picked you from a roster of over seventy academy graduates. Make me proud.

The door closes behind him.

**CLAY**

They're not speaking. Professor Broom had him grounded.

**MYERS**

Grounded? Who's grounded?
CLAY
Okay. You saw the fish man, right?

Myers nods.

CLAY
Well, come on in and meet the rest of the family.

Clay uses an odd-shaped ELECTRONIC KEY to unlock the door. Three solenoid locks turn. Two steel vertical PISTONS open.

INT. HELLBOY'S DEN - NIGHT

Clay pushes the cart into a solid concrete bunker, windowless, austere except for a few SAMURAI suits of ARMOR and WEAPONS. Dozens of CATS wander around; others are curled up on the furniture.

There are Zippo's everywhere, from every era. On a sofa (made from the bed of a pickup truck) is a heap of blankets and comic books. All in all, a MEGA BACHELOR PAD.

CLAY
(sotto voce)
He gets fed six times a day. He's got a thing for cats. You'll be his nanny, his keeper, his best friend. He never goes out unsupervised --

MYERS
Who?!

Myers points at a torn comic book: HELLBOY, THE UNCANNY. He picks it up, looks at the cover: it shows Hellboy -- in a U.S. Uniform, fighting a monstrous ape.

Myers watches, amazed, as a bright red TAIL waves in and out of a pool of light about ten feet away. One of the cats playfully paws at it.
MYERS
(sotto voce)
You're kidding --

HELLBOY
Those comics -- They never got the eyes right.

The voice is a deep baritone, chesty and powerful.

MYERS
(to Clay, sotto voce)
Oh, Jesus!! Hellboy -- ?? Is real --

CLAY
(sotto voce)
Yup. Sixty years old by our count. But he doesn't age like we do -- think dog years: He's barely out of his teens.

Myers gasps, seeing a monumental figure in the shadows, exercising with a 300 lb. Stainless steel DUMBELL. Crimson biceps like cooked hams. Chomping an unlit CIGAR stub.

HELLBOY
What's with the hair, Clay?? Finally got those implants??

Agent Clay blushes as he hides his scalp.

CLAY
It'll fill in. Where do you want your dinner, Red? By the couch?

On a nearby pile of junked TV sets, a loop of Fleischer cartoons and home movies cycles endlessly. One subject appears over and over: an ATTRACTIVE YOUNG WOMAN with a pale face and raven-black hair.

HELLBOY
Who's the squirt?

CLAY
Agent Myers is your new liaison.

HELLBOY
Got tired of me?
CLAY
Nah. I'll be around, Red, just back in the field.

Myers

HELLBOY
I don't want him.

CLAY
Manning says I'm too soft on you --
(sotto voce, nudging Myers)
The candy. Give him the candy.

Myers remembers he's holding the Baby Ruths.

MYERS
Oh. Uh. Hello. I -- I have these.
For you.

HELLBOY
(realizing)
Father's back?
(Clay nods)
Still angry?

CLAY
Well, you did break out --

HELLBOY
I wanted to see her.
(grunts)
It's nobody's business.

CLAY
It is. You got yourself on TV again.

HELLBOY
"Myers", huh? You have a first name??

CLAY
(sotto to Myers)
Try not to stare. He hates when people stare.

MYERS
Uh-oh -- John.
(sotto)
Staring at what?

CLAY
His horns. He files 'em. To "fit in."

MYERS
His what??!!

Hellboy finally enters the light. He's awe-inspiring, with chiseled features, patterned red skin and deep-set golden eyes. Involuntarily, Myers recoils.

In spite of himself, Myers is staring at the horn stumps.

HELLBOY
Whatcha looking at, John??

MYERS
Oh-n-no -- I --

An ALARM sounds, and a red light blinks on the wall. Myers looks around, bewildered.

HELLBOY
(to Clay)
Hey, hey, hey. They're playing our song.

CLAY
We're on the move.

HELLBOY
(to Myers)
C'mon, Champ! Happy Halloween!!
You're taking me for a walk!

Chaos near the entrance: policemen, TV reporters, MOUNTED POLICE.

Loud protests from the reporters as a line of black sedan cars are waved through.

BLONDE REPORTER
The NYPD has yet to issue a statement. We've got SWAT vans, paramedics, you name it... and now here's -- a garbage truck -- (double take) -- a garbage truck?

Trailing behind the cars, a GARBAGE TRUCK. On its side a mirrored sign reads: SQUEAKY CLEAN INC. Waste Management Services.

INT./EXT. GARBAGE TRUCK - LIBRARY STREET ENTRANCE - NIGHT

EXT. MACHEN LIBRARY - STREET ENTRANCE - NIGHT

The crowd parts like the Red Sea for the garbage truck. Dozens of faces are reflected in the truck's mirrored logo. A MOUNTED POLICEMAN rides past the mirrored sides of the truck.

INT./EXT. GARBAGE TRUCK LAB - LIBRARY CROWD - NIGHT

The MOUNTED POLICEMAN is visible as he rides by. The mirrors are see-through. The back of the truck is a fully-equipped crime lab, crammed with hi-tech gear and low-tech talismans.

ABE fits a respirator over his face. It looks like a mechanized Elizabethan collar. Valves bubble and hiss as he inhales liquid through his mouth and out his gills.

Hellboy looks out onto the CROWD.
HELLBOY
Look at them ugly suckers, Blue. One sheet of glass between them and us.

ABE
Story of my life.

HELLBOY
I break it, they see us, Happy Halloween. No more hiding. (nostalgic) Outside. I could be outside --

ABE
You mean, outside... with her.

Hellboy straps on a huge utility belt heavy with amulets, rosaries, horseshoes. From an ashtray he grabs a stogie stubs. Lights one, puts the rest in a pouch.

HELLBOY
Don't get psychic with me.

ABE
Nothing psychic about it. You're easy.

Hellboy unlocks a STEEL BOX (STENCILED ON ITS LID: "THE GOOD SAMARITAN") and extracts the meanest-looking, custom-built, double-barrel, blue-finished, handgun ever made. A veritable cannon.

HELLBOY
How am I ever gonna get a girl?? I drive around in a garbage truck

ABE
Liz left us, Red. Take the hint.

HELLBOY
(hefting the gun) We don't take hints.

EXT. COURTYARD / LOADING DOCK MACHEN LIBRARY - NIGHT

The GARBAGE TRUCK pulls into an interior courtyard and stops.
FBI/BPRD teams spread through the area, expelling uniformed cops and securing the doors.

THREE AGENTS -- QUARRY, STONE and MOSS -- close a gate, sealing off the area.

STONE

All areas secured.

From a nearby roof, Agent Lime signals all clear.

CLAY

(into a handheld radio)

Seal the doors. Red and Blue are coming in.

The truck stops, Clay pulls a lever. Myers watches as the dumpster loader hinges down like a drawbridge, revealing HELLBOY and ABE.

CLAY

Okay, boys, let's synch up our locators.

Abe, Clay and Hellboy activate lights on their belts. They BEEP and blink. Hellboy starts walking.

INT. MACHEN LIBRARY, MAIN LOBBY - NIGHT

As BPRD agents clear the area, Clay, Myers, Abe and Hellboy march through the main lobby. On view, various display cases. Two BANNERS flank the marble staircase.

CLAY

(reading a report)

At nineteen hundred hours an alarm tripped. B&E. Robbery. Six guards dead --

HELLBOY

Hold on -- hold on -- I thought we checked this place. Fakes, and reproductions.
BROOM
Apparently not everything was fake.

Broom stands at the base of the marble staircase.

HELLBOY
(surprised to see him)
Father...?

Myers observes as the red Goliath sheepishly averts his gaze from that of the fragile old man.

INT. MAIN CORRIDOR / MACHEN LIBRARY (SET) - NIGHT

They approach an oversize set of brass doors.

Abe removes a leather glove from his hand. FWAP!! he spreads his webbed fingers on the door. He closes his three eyelids and concentrates.

Two agents arrive with a rolling munitions case. Myers observes as Hellboy opens it and looks over a potpourri of bullets of all colors and shapes.

BROOM
A 16th century statue was destroyed. Saint Dionysius the Aeropagite.

HELLBOY
Who wards off demons.

BROOM
Smuggled into this country by an overzealous curator. The statue, however, was hollow --

HELLBOY
Reliquary --

BROOM
A prison. The Vatican deemed its contents dangerous enough to include it on the List of Avignon. Of which we hold a copy.

Hellboy selects a clip full of bullets and a speed loader.
HELLBOY
Would'ya look at this babies? Made 'em myself. Holy water, silver shavings, white oak: the works.

ABE
(pulling his hand away)
Behind this door. A dark entity -- Evil, ancient and hungry.

Abe quickly starts scanning a few leather-bound volumes of ancient magic.

HELLBOY
Oh, well. Lemme go in and say "hi".

As HELLBOY opens the big doors, a flickering amber glow illuminates him. He steps inside.

INT. "MAGIK EXHIBITION" HALL - NIGHT
BLUE emergency lamps are on. The exhibits are destroyed; piles of debris are burning. Hellboy walks past a display case.
He moves around cautiously. A couple of large carvings and statues startle him.
On the floor: boots, half chewed. Bitten belts and shreds of uniforms and hats.

HELLBOY
(whispers into radio)
Blue: It stinks in here -- Finely aged roadkill.

The sickening sound of snapping bones and mastication reaches his ears. Hellboy reacts to a smell, raises his eyes to discover --
A huge pale CREATURE hangs from the ceiling, chewing slowly. SAMMAEL: equipped with powerful arms, a head full of
and two well-muscled hind legs. Most of its face is hidden, but the jaws are shiny with blood.

**HELLBOY**

(beat)

Whatcha havin'? Six library guards, raw? Plus belts and boots? Man, you're gonna need some heavy fiber to move that out --

**ABE**

(in earphone)

Red, I found something --

**INT. MAIN CORRIDOR / MACHEN LIBRARY (SET) - NIGHT**

Abe has found a small, medieval engraving of Sammael in one of the books.

**ABE**

There's not much here: the entity's name is Sammael, the desolate one, son of Nergal --

**INT. "MAGIK EXHIBITION" HALL - NIGHT**

Sammael releases himself, lands on the floor. Part of the neck is exposed: white, slimy skin, cracked like old marble and criss-crossed with blue veins.

**HELLBOY**

Hold it --

(beat)

Hey, Sammy, whaddayasay we work this out?? Peacefully. I'm not a great shot, but --

(raises his gun)

"The Samaritan" here, uses really big bullets, so whadyasay we work this out?

Sammael stands and turns around -- CRACK-KKK!!! His waist twists him 360 degrees!!

Screeching, Sammael leaps away!!
Hellboy shoots. The high-caliber ammo rips a few columns apart and finally catches Sammael. The bullet goes through it and destroys a statue and a large window behind him. The monster squeals and goes down. With a rattling cough, it grows still.

HELLBOY
Nah -- he's taken care of.

HELLBOY
See? I don't like that --

ABE'S VOICE

Hellboy looks back at the corpse: it's gone!

ABE'S VOICE
harbinger of pestilence, seed of destruction --
HELLBOY
Skip to the end, willya? How do I kill it -- ?

ABE'S VOICE
It doesn't say --

BAMMM!! From out of nowhere, Sammael appears and swings an arm!! Hellboy CRASHES into the brass doors!

INT. MACHEN LIBRARY - EXHIBIT CORRIDORS - NIGHT

The doors bulge and crack under Hellboy's impact.

Abe and Broom backpedal fast. Myers pulls out his gun, and starts looking for another way in. Broom observes this, pleased.

INT. MACHEN LIBRARY - MAGIK EXHIBIT HALL - NIGHT

Sammael lashes out with a massive punch.

HELLBOY goes K-KKRASH!!! K-KKRASH!!! through SIX glass cabinets, then hits a window, falling --

EXT. AN ALLEY - BEHIND MACHEN LIBRARY - NIGHT

-- two stories down, landing sideways in an industrial garbage bin. Hellboy fights to stay conscious. Blood drips from his mouth

GRIGORY'S VOICE
Child...

Hellboy looks up: standing in the alley, like an apparition, is Grigory, in a black suit and overcoat, his eyes shielded by pitch-black sunglasses

GRIGORY
All grown up, I see.

Hellboy's in shock, confused.

HELLBOY
That voice --
GRIGORY
I sang the first lullaby you ever heard, my child. I ushered you into this world.
(beat)
I alone know your true calling, your true name.

HELLBOY
Don't tell me, it's Zeppo.

Hellboy catches sight of his big gun, lying on the ground.
He goes for it but, BAMMM!!!! SAMMAEL lands before him.

GRIGORY
I can see that you're still young and don't know your place.
(turns to Sammael)
Teach him.

Before Hellboy can reach the weapon --

WSHHHP!!! A 7-foot tongue lashes out from Sammael's mouth like a whip. It's arm-thick, with yellow sacs billowing from its sides. It wraps around Hellboy's right arm.

Hellboy falls to the ground, writhing, grinding his teeth. The tongue squeezes and pulls. Smoke pours from Hellboy's skin.

EXT. AN ALLEY - BEHIND MACHEN LIBRARY - NIGHT

Then -- BANG! BANG! BANG! Myers appears at the end of the alley, firing round after round into Sammael's tongue.
BLOOD explodes in the air. The tongue recoils with an infernal SQUEAL!!

Hellboy manages to roll away.

Myers goes for HELLBOY's gun... and grabs it! He takes cover behind the trash container. HELLBOY is there.
HELLBOY
What do you think you're doing?!

Myers proudly shows him the gun.

MYERS
Helping you -- I just --

HELLBOY
No one ever helps me. It's my job.

He grabs his gun and tries to reload, but his arm hurts too much.

HELLBOY
Damn -- Okay. Here --

He hands him the gun and a fresh clip. Reaching into his belt, Hellboy extracts a vacuum-sealed packet.

HELLBOY
(throws it at Myers)
-- Then load this.

In the packet: A SINGLE BULLET.

HELLBOY
It's a tracking bullet. Crack the pin. Load it.

KLANG!!! The tongue punches through the steel like a ramrod. Again and again... Hellboy and Myers can barely dodge it.

Myers cracks a safety pin. The glass head on the bullet glows like a chemical flare.

MYERS
Jeez... What the hell is that?

He's looking at Hellboy's smoking arm. Inside a bloody gash, a big, black stinger is gleaming.

Hellboy pulls it out, then steps on it. It pops like a ripe grape.
HELLBOY

Lemme go ask --

Hellboy steps from behind the container. Sammael's tongue instantly wraps around the gun's muzzle.

BAM! BAM! Hellboy shoots repeatedly. His face lit weirdly green as the tracking bullet lodges within the gun.

Then --

BAM!!!

INSIDE GUN SHOT

The glowing bullet flies through the barrel and out towards --

EXT. ALLEY

-- Sammael, still in mid-air.

It hits him square in the chest: an explosion of green goo!!

With a shriek, the thing leaps over a wall. Hellboy scrambles after it.

EXT. LOADING ALLEY - NIGHT

On the empty sidewalk, Hellboy sees a trail of GLOWING GOOP.

He hits full stride, following it around a corner.

Myers lands a second later, cradling his arm, chasing after him.

MYERS

Wait! No, what are you doing?

LOADING DOCK / ALLEY

Sammael dashes by, followed closely by Hellboy, running full tilt.

A ten-wheeler backs up, effectively blocking their way. A few workers load pumpkin boxes in it.
WORKER 1
What the hell is that??

Without slowing down, Sammael jumps onto the trailer, denting the roof then jumping off and into a CROWDED CARNIVAL area.

A small carrousel and refreshment stand flank a pumpkin patch.

Full of curiosity, Sammael pauses a second to inspect a Trick-or-treater dressed as a GOLDEN DRAGON.

Hellboy catapults himself onto the trailer's roof.

3 WORKERS (chorus)
Whoa-whoa-whoa-

Hellboy jumps and lands heavily on top of the driver's cab:

CRASH!!!

The driver is almost crushed under the steel. He screams, showered by thousands of glass shards.

Myers is a few steps behind.

MYERS (into headset)
We'll hit the street in a minute.
We're heading towards civilians...

He squeezes between the vehicle and the alley wall. The vendors are yelling at him.

MYERS
Yeah, yeah, crazy costume, uh? Trick or treat!!

EXT. WEST SIDE STREET - NIGHT

Sammael runs past a group of trick-or-treaters, and jumps straight into the street. Cars swerve, avoiding a collision as Sammael lands on the opposite sidewalk. The TRICK OR TREATERS scream.
Hellboy appears. He too dives straight into the traffic as Myers follows --

He runs into the road... and a 4X4 speeds straight at him!

Seeing this, Hellboy runs back, and lands next to Myers, holds out his STONE HAND and stops the 4x4 dead in its tracks.

The impact somersaults the car over them both. It lands a thud on the street, air bags exploding. Myers almost faints.

Other cars stop, tires squealing and horns blaring. A major traffic jam.

HELLBOY
Are you okay?

Myers opens his eyes, nods.

HELLBOY
Good. Stay here.

He moves after Sammael.

HELLBOY
Waiting for me, Sammy?
A train horn blares. A headlight approaches!! Hellboy smiles and puts away his gun.

**HELLBOY**

Uh-oh -- between a rock and a hard place --

But Sammael sprints towards it!

Inches from the wheels, he punches his stone hand through the steel floor and grabs a handhold. Steam and sparks explode everywhere.

The TRAIN DRIVER grabs a fire extinguisher and starts slamming it against Hellboy's head.

HELLBOY

Hey! Hey! I'm on your side!!

BAMMM!!! He goes under!!!

INT. STUNT TRACKS FRONT 1/4 CAR

The train whizzes overhead, grazing his horn stumps, making sparks fly!! After the train passes, Hellboy sits up, smoking. Sammael is gone. A trail of GOOP is glowing. He follows it, until it ends abruptly.

He looks ahead: no trace of Sammael... Then a fat drop of glowing goop hits his hand.

HELLBOY

Aw, I forgot --

He looks up. Sammael hangs from the ceiling, then drops.

Then the creature lifts Hellboy in a ferocious bear hug.

Hellboy twists around and cracks open the jaws of the creature, like King Kong and the T-Rex.

Sammael staggers back and -- in an impossible maneuver, re-knits his jaws together! Then he uses his bone scythe to tackle Hellboy and -- TCHAKKKKK!! -- pin his shoulder down. A deep wound.
Sammael's mouth starts to open! Hellboy looks at the sparking THIRD RAIL a few feet away.
Sammael's tongue rears back, a snake ready to strike.

HELLBOY
Screw you.

Hellboy grabs the rail. An electrical discharge consumes both creatures and burns the frame like flashpaper. Hellboy lets go, his hand and body smoking. Sammael -- very crispy -- is convulsing in a cloud of smoke. He grows still.

Wreathed in smoke, Hellboy shakes off the shock and uses a flame on his arm to light a cigar.

HELLBOY
I'm fireproof.

You weren't.

EXT. WESTSIDE HIGHWAY - NIGHT

A huge traffic jam clogs the highway. The totalled 4X4 is being TOWED AWAY. Several TV CREWS interview witnesses. Myers -- his arm freshly bandaged -- signs a police form.

His radio beeps.

HELLBOY (V.O.)
Myers??? How's your arm?

MYERS
My arm is fine. Where are you??

Myers moves away from the POLICE OFFICERS.

MYERS
(sotto voce)
Where are you???

INT. SUBWAY TRACKS (STUNT TRACK)
Hellboy walks away from the smoking Sammael carcass.

HELLBOY
Myers?

MYERS (V.O.)
Yes?

HELLBOY
Goodbye.

He turns off his belt locator and moves away into the

Every time the media get a look at him, they come to me. I'm running out of lies, Trevor.

BROOM
I thought you liked being on TV.

MANNING
I do.

How many escapes? This year alone: five!

BROOM
Tom — he's our guest, not a prisoner.

MANNING
Your "guest" happens to be six foot five, bright red, and is government funded.

BROOM
He's just going through a phase —

Manning moistens and lights a fine cigar, using a kitchen match.

MANNING
A "phase"? What do you think this is, "The Brady Bunch?" These... freaks —

ABE SAPIEN listens while pacing the exhibition hall, palm open.

MANNING

These freaks, Trevor, they give me the creeps. And I'm not the only one. You're up for review. You and your petting zoo.

BROOM
I know where to find him. I'll get him back.

Manning watches as Abe finds a sharp dagger embedded in the floor.
MANNING
Hey, fishstick -- don't touch anything --

Abe silences him.

ABE
I need to touch it to "see"...

MANNING
See what??

ABE
The past, the future, whatever this object holds.

MANNING
(eyes Broom)
Is he serious??

ABE
Don't worry about fingerprints. I never had any.

Abe holds the dagger in his hand, turns to Broom.

ABE
They were over here, Professor.

MANNING
Oooh!! Who was here? Nixon? Houdini? You mind sharing your mystic insights?

Broom examines the dagger: a RAGNAROK symbol crowns the hilt.

The dragon and swastika.

BROOM
Show me, Abe... show me.

He solemnly extends his hand. As soon as Abe takes it, the room...

INT. "MAGIK EXHIBIT" HALL - FLASHBACK

Hours earlier: the place is intact. Both ABE and BROOM witness spectrally as --
A GUARD CHECKS AN ALARM MONITORING UNIT. HEARING A ticking sound, he shines his light into a dark corner: no one's there. But after the guard moves on, a spidery form emerges from the pool of shadows on the floor. It's KROENEN, encased in shiny BLACK LATEX from head to toe. On his chest, a close-fitting harness comprised of softly ticking gears.

He approaches a glass case which holds an ancient WOODEN STATUE of an Eastern Orthodox SAINT.

Then, on the glass, a reflection: ILSA.

ILSA

Move.

She uses her hammer to destroy the glass case. The ALARM shrieks. Warning lights come on. Kroenen pulls out a double-ended BLADE. It spins, like a giant bone saw, slicing across the statue. No apparent damage until: CRACKKKKK!!! a diagonal line appears and the top half falls.

KROENEN reaches for a small crank embedded in his chest and winds himself up.

ILSA reaches into a hollow portion in the wooden statue and removes a large reliquary jar containing Golden sand. Six guards hurry in. They point their flashlights and guns at Kroenen.

GUARD 1

You! Don't move! Hands up!

Kroenen starts shaking, as if in a seizure and readies two
TWIN BLADES.

bullet tears into Kroenen's arm, spewing forth an explosion of dust. He turns. The guards shoot again. Kroenen maneuvers the steel, deflecting the bullets which -- -- ricochet wildly -- and finally hit three of the guards. They fall silently to the floor. Kroenen dispatches two more in a flurry of knives. The last guard raises his gun.

GUARD 6

Don't --

Something is clearly stopping him. His hand breaks, twisted by an unseen force!! The flesh on his neck pushes upwards, held by an invisible force. He starts floating in mid-air. The blinking lights of arriving police cars tint the windows red and amber. They outline a figure formerly submerged in shadows. GRIGORY. He gestures with both hands, as if holding an imaginary doll. His arm muscles twitch under his skin, shifting, changing, gaining strength. With a quick gesture Grigory twists the lower and upper parts of the guard's body in opposite directions. With a wet CRUNCH, the guard's shadow on the wall goes limp. Grigory looks at Ilsa.

GRIGORY

Ready the welcome, my love --

Ilsa opens the reliquary jar and pours a circle of sand onto
the floor.

**GRIGORY**
Salt. Gathered from the tears of a thousand martyrs. Restraining the essence of Sammael, the hell hound, the seed of destruction.

Grigory slices the air with his open hand, creating fleeting glyphs... and a small BLACK flame dances on his open palm.
He deposits it in mid-air, at the center of the circle.
Then, the sand begins to move, like liquid mercury.
Lines fuse into a pile. It melts and bubbles, growing and foaming.
Bones are formed, tendons and ligaments join together, GROWING, GROWING, INTO SAMMAEL.
It roars!!!

EXT. CENTRAL PARK - NIGHT

A small nighttime Halloween celebration. Lanterns hanging from the trees, couples drinking and listening to Pop music on picnic tables.

On a bench, A YOUNG GUY pulls out a cold SIX PACK of beer and passionately kisses his GIRLFRIEND. As he shuts his eyes, a bright, red tail neatly snatches the six-pack.

Behind the bench, HELLBOY smiles.

EXT. BELLAMIE MENTAL HOSPITAL - NIGHT

Dry leaves fly up in a gust of wind. A small army of EMERGENCY VEHICLES roars down the deserted streets, right past a... brick 1940's HOSPITAL, behind a high wall topped with barbed wire. The mesh-covered windows are decorated with paper skeletons and jack-o'-lanterns. A topiary garden surrounds the building.

Watching from atop the wall is HELLBOY. One sleeve of his overcoat is soaked in blood. He keeps an eye on the SECOND FLOOR windows. Hanging from his tail: THE SIX PACK OF BEER.

INT. BELLAMIE MENTAL CORRIDOR - NIGHT

DOCTOR MARSH, a female Psychiatrist, moves down a line of patients, distributing pills.

Behind her, a lithe young woman in a patient's gown carries the medicine tray. This is LIZ SHERMAN, age 26, her...
skin contrasting with her raven-black hair and piercing
dark eyes. A scar mars her forehead. Three thick rubber
bands circle her wrist.
Near a window, a Down's Syndrome PATIENT senses
something.

**DOWN'S PATIENT**
(pointing)
There's a big red guy down there!

**DOCTOR MARSH**
(readying more pills)
That's fine, darling, Santa's not here for another month.

**DOWN'S PATIENT**
Not Santa. Big and red. With gold eyes. And he has beer!

Hearing this, Liz stops. She closes her eyes, tugs at
the rubber bands on her wrist and lets it snap against
skin. She winces and peers out the window. The garden
seems empty.

**EXT. BELLAMIE MENTAL HOSPITAL - GARDEN AREA - NIGHT**
Liz steps out a side door into the hospital garden.
Hanging from her neck: an old POLAROID CAMERA. She follows a
trail of blood to a large, thorny bush. As she circles it...

**LIZ**
Back so soon?

Visible in the branches, a leg and part of Hellboy's
overcoat. His tail emerges, dangling the six-pack.

**HELLBOY**
Uh, I brought beer.

Liz shoots a Polaroid.

**LIZ**
To wash down my lithium pills?
I may get a few perks, H.B. But I'm still a patient.

Shyly, he climbs out from the bush. She sees the bloody arm.

LIZ
You better have that looked at.

HELLBOY
Just a scratch.
(shrug)
I wanted to see you.

Liz sighs.

EXT. BELLAMIE MENTAL HOSPITAL - GARDEN AREA - NIGHT

Hellboy's sitting on a bench, next to Liz.

HELLBOY
We miss you at the Bureau. Abe's crazier every day. And Father's still mad at me --
(Liz smiles)
Come back, Liz. Come back. I --

LIZ
No. Not this time, H.B. It's been months since I've had an episode. And you know what? I'm learning to control it.

Around her right hand a faint BLUE AURA of fire blooms, crawling over her fingers like a velvet haze. She stares at the pale flame.

LIZ
I'm learning where it comes from.
(beat)
And for once in my life I'm not afraid.

She clenches her fist and puts the flame out.

LIZ
Looks like your ride is here.

The garbage truck and the two black sedan cars have pulled
into the hospital grounds. A dozen agents climb out of the vehicles.

HELLBOY

The Nanny Squad.

ANGLE - THE CARS - CONTINUOUS

Clay starts towards Hellboy, but Myers stops him and turns to Broom:

MYERS

Sir, may I go first??

CLAY

(to Broom)

Not so fast. He barely knows him --

BROOM

(cuts him off)

Then he should make it his business to change that.

ANGLE - THE BENCH - CONTINUOUS

Liz stands up, puts her hand on his shoulder.

LIZ

Listen, H.B. I've got a chance out here. If you truly care about me, don't come back anymore.

Hellboy smiles sadly. She walks away.

HELLBOY

Goodnight, then.

LIZ

Goodnight.

She doesn't turn back.

HELLBOY

Yeah, I gotta go, too. Lots to do --

Feeling light-headed, he stands up. On the bench and at his feet, a pool of his own blood.

He sees Myers tentatively approaching.
HELLBOY
What took you so long?

MYERS
C'mon, time to go home. Tape you up.

HELLBOY
What are you, a Boy Scout?

MYERS
No. I never was.

HELLBOY
(weak)
Could've fooled me. Go away.

Hellboy drops to his knees. Clay, Quarry and Moss reach him.

Help him up.

CLAY
C'mon, champ. You look a little woozy, there.

HELLBOY
This -- ? This is nothing. You know what'll kill me?
(points at the doorway)
Her.

Liz stands at the hospital door and sees Hellboy keel over.

A few of the agents help him to the vehicles.

Myers looks back at Liz. They hold each others' gaze, their unfamiliar faces filled with curiosity. Eventually, she goes inside.

INT. B.P.R.D. MEDICAL BAY "A" - NIGHT

In the depths of the B.P.R.D infirmary, Hellboy lies flat on a stainless steel table. Broom sits alongside him.

Abe peers through a magnifier at Hellboy's wounded arm.

ABE
You were burned by some organic acid.

**HELLBOY**

I'm lucky that way.

Using a scalpel, Abe probes the gash. Hellboy lets out a

**GRUNT.**

**BROOM**

Son. About Rasputin --

**HELLBOY**

Don't worry. I'll get him soon enough --

**BROOM**

Listen to me. This time is different. There's more at stake than ever before.

**HELLBOY**

How hard can it be? I punched the crap out of that thing that he sent -- ouch!!

**BROOM**

I worry about you.

**HELLBOY**

Me?? C'mon --

**BROOM**

Well, I won't be around forever, you know?

**HELLBOY**

Oh, stop that --

(grimaces in pain)

Damn! Be careful, there --

**ABE**

Red. How long was it latched onto you?

**HELLBOY**

I dunno, maybe five seconds -- ow!

**MYERS**

You want me to hold him down?

**HELLBOY**

(snickers)
That's right, Stud, hold me down.

ABE
Professor...

Broom moves to Abe's side of the table. Abe is poking at the depths of the wound.

BROOM
(sharp, to Hellboy)
Don't look! Turn around.

HELLBOY
Is it bad?

Broom comes closer, eyes wide: inside the wound on Hellboy's forearm, nestled like ticks, are 3 translucent EGGS. Hellboy jumps as Abe plucks the first one out. Abe deposits it in a glass container.

ABE
Touched you five seconds. Laid three eggs.

HELLBOY
Didn't even buy me a drink.

INT. MEDICAL BAY. EXAMINATION TABLE - LATER

The computer beeps having finished an analysis. On a monitor, an enlarged color image of one of the throbbing eggs.

ABE
The eggs are very sensitive to heat and light. They need a humid, dark environment to breed.

Abe picks up an egg with a pair of tweezers, passes it on to Hellboy, who sports a bandage on his arm.

MYERS
Down there. Did you ever loose track of him?

HELLBOY
Well, let's see -- there was that
moment, when I had a train on top of my head --

Broom frowns, worried.

**BROOM**

(to Hellboy)

We can't risk it: You'll go back to the tracks tomorrow with a group of agents, search the area, top to bottom.

Myers observes, repelled, as inside the egg a small foetal THING wiggles.

**INT. BROOM’S OFFICE - NIGHT**

Myers stands by Broom's desk as the old man places a new set of books on the reading stands in front of the fish tank.

**MYERS**

I'm in way over my head, I know that much.

**BROOM**

You're doing fine.

At the last book stand, Broom glances at Abe, who is sitting in the shadows near the door.

**MYERS**

No, I'm not. He respects Clay. Not me. I don't know why you chose me, Sir. But I'm not qualified.

Discouraged, Myers heads for the door.

**BROOM**

(very quiet)

I'm dying Agent Myers.

Shocked, Myers looks over at Broom.

**BROOM**

And as a father, I worry about him. (directly to Myers)

In medieval stories, Agent Myers, there's often a young knight,
inexperienced but pure of heart...

MYERS
Oh, please. I'm not "pure of heart."

ABE
Yes, you are.

BROOM
What I ask from you is -- Have the courage to stand by his side after I'm gone. Help him find himself. Who he must be.

(beat)
He was born a Demon... You will help him become a man.

OMIT

INT. B.R.P.D. ARCHIVE / CONFERENCE ROOM - NIGHT

Dozens of HELLBOY clippings flash by: tabloid headlines along with intimate images of Hellboy as a KID. H.B. at 7, at 12, dressed as a human for Halloween, Broom by his side.

Myers works at a computer workstation.

He brings up a small photograph in an old issue of The Enquirer. The headline: "ARSON SUSPECT NOW WORKING FOR SECRET GOVERNMENT AGENCY" There's a photo of a woman, taken with a telephoto lens.

Another clipping: young LIZ, 11, and a photo of a tenement building burned to the ground: TRAGIC EXPLOSION.

A QUICKTIME interview pops up. LIZ, in her early twenties. A BPRD, PYROKINETIC. She has a POLAROID camera in her hands. Shoots one at the lens.

LIZ
I don't like the term "firestarter."
I just don't. And "Pyrokinesis" sounds like psychosis or something. I dunno --
maybe that's right. Not being able
to let go --
(shrug)
Scary. Sometimes you hear so-and-so
lost control and just exploded.
(beat)
They're lucky it isn't true.
(looks at the camera)
With me -- it is.

INT. BELLAMIE MENTAL HOSPITAL - CORRIDOR - NIGHT

Two strolling ORDERLIES shine their flashlights inside
the
rooms on both sides of a long corridor.

INT. HOSPITAL - LIZ'S ROOM, MIN. SECURITY WARD - NIGHT

A flashlight beam sweeps Liz's room. It illuminates a
CORKBOARD covered with hundreds of Polaroids depicting
scenes
of everyday life.

When the beam of light crosses her face, she turns
slowly,
still asleep.

As the light fades, the shadows in the room grow
deeper.

Grigory emerges from a dark corner. He gazes down on
the
bed, extending his right hand.

GRIGORY
The Master is calling your name now,
my girl. We are all part of his plan.
You must return to the child... So,
once again...

He gently caresses the scar on her forehead. Under his
skin,
a hideous movement, a writhing rearrangement of
muscles. His
fingers start to glow.

GRIGORY
...dream of fire.

Liz convulses. A small ripple of heat rises from her
forehead.
EXT. TENEMENT BUILDING COURTYARD - DAY

Somewhere in a smokestack city, grown-ups and kids hang banners and prepare a ragged birthday party in a cement courtyard.

ANGLE - LIZ - CONTINUOUS

Sitting on some tenement steps, LIZ, age 11. Sullen, alone, a gold CRUCIFIX hanging on her chest.

A WOMAN -- Liz's MOTHER -- comes down the courtyard steps, carrying a basket of apples.

MOTHER
(to Liz)
Liz!! Liz!! Come on, darling, give Mummy a hand.

Nearby, under a balloon archway, munching candy-coated apples... three KIDS giggle and point at her.

BLONDE KID
Freak!

Liz turns to see them.

BLONDE KID
(to his friend)
See? She knows her name.

Liz shies away from them.

BLONDE KID
Go home, you freak. We don't want you here.

They start throwing stones. One hits the steps. Another misses her by inches. A third hits her in the shoulder.

Scared, Liz turns but a rock catches her full on the face. She falls down, blood trickling from her forehead,
the pavement. She starts sobbing. Another rock sails across, but this time, in mid-air, it catches fire and turns to ash.

A ripple of heat starts crawling up Liz's hands. Soon a pale blue flame rings her entire arm.

LIZ
(sobbing)
Not again, please, not again...

Firelight glints off the crucifix.

EXT. TENEMENT COURTYARD - DAY

MOTHER is dunking the apples in a pot of caramel. A heartbreaking cry reaches her ears.

LIZ
Mommy! Mommy!

Mother sees...

EXT. TENEMENT COURTYARD - STEPS - DAY

Liz: outlined by licking flames!

LIZ
(panicked)
Mommy! Help me! I'm burning!

Mother screams, horrified.

LIZ
Help meee!!

She then explodes. A white-hot supernova engulfs the courtyard. Her mother's body burns like flash paper. Then the rest of the people are --

THE ENTIRE TENEMENT COURTYARD

-- devoured by an explosion of atomic proportions. Benches, apartment blocks collapse as a shock wave hits like a wrecking ball.
The frame whites out. And at ground zero there is but one figure left standing:

Liz... a little girl, still crying.

**FLASH**

**FORWARD TO:**

**INT. BELLAMIE HOSP. - LIZ’S ROOM, MIN. SEC. WARD - NIGHT**

Liz screams, her back arching, her body now in flames. Her chest glows, silhouetting organs and ribs. The rubber bands on her wrist vaporize.

**INT. BELLAMIE MENTAL HOSPITAL - MIN. SEC. WARD - NIGHT**

The glow from Liz's room streams into the corridor.

**INT. BELLAMIE MENTAL HOSPITAL - SECURITY ROOM - NIGHT**

In their glass kiosk, two ORDERLIES are listening to the radio and sharing a pizza. A red light flashes repeatedly on a panel. They silence the radio, grab their batons and get up. A low rumble shakes the room.

Through the VIBRATING glass window they see...

**CORRIDOR MINIATURE / COMPOSITE**

...A BALL OF FLAME pushing inexorably through the corridor. The inside of the glass booth is absolutely silent, making the vision both terrifying and strangely serene.

**ORDERLY**

Oh my --

**INT. BELLAMIE MENTAL HOSPITAL - SECURITY ROOM (SET) - NIGHT**

As the glass explodes, the fire ROARS, drowning everything.
The orderlies hit the floor, taking cover under a shelf.

**EXT. BELLAMIE MENTAL HOSPITAL (MINIATURE) - NIGHT**

The top floor blows up. Flame pours out of every window, showering glass into the streets below.

Myers pushes the breakfast cart. On it, three dozen pancakes and a mound of bacon and toast.

He opens the door to Hellboy’s den.

**INT. HELLBOY'S DEN - DAY**

Inside, Hellboy is leaning over Broom, glaring at the old man.

**HELLBOY**

How many buildings does she have to burn? She belongs here!

**BROOM**

That's not how she feels. She may never feel it.

Myers enters, deliberately clearing his throat. They ignore him.

**BROOM**

It's her choice --

(beat)

She's human --

**HELLBOY**

Oh, as opposed to -- ?

Broom grows silent.

Hellboy stomps over to a mirror and -- using a handheld belt sander -- savagely shaves his horns. Sparks fly every time he goes at the round stumps.
HELLBOY
Mmmh -- "Pamcakes." We're going out --

MYERS
Professor, that girl you were talking about --

HELLBOY
(whirls around)
Hey. You: think twice --

MYERS
I think I can help -- Talk to her --
I can bring her back.

HELLBOY
(chuckles)
What landed you this job, pushing "pamcakes"? Punctuality? What was your area of expertise?

Myers murmurs --

HELLBOY
What was that??

MYERS
Hostage negotiations.

Hellboy's face lights up.

EXT. BELLAMIE MENTAL HOSPITAL - DAY

Part of the building is demolished. Repair crews and firemen are still hosing down smoldering piles of debris.

Myers arrives in a taxi cab.

INT. BELLAMIE MENTAL HOSPITAL - MAX. SECURITY WING - DAY

Myers looks at LIZ through a see-through mirror. She sits on a bench inside a padded cell. A security CAMERA AND MONITOR records her constantly.

A worried-looking Dr. Marsh stands alongside him.
DOCTOR MARSH
She's been like this since it happened. There were no casualties. But it's put a big dent in our Thorazine supply...
(dubious look at Myers)
Are you sure you want to go in?

Myers nods, loosens his tie and enters.

INT. BELLAMIE MENTAL HOSPITAL - PADDED CELL - DAY

Liz doesn't acknowledge Myers' presence. He kneels and looks up at her.

MYERS
Miss Sherman? I'm Agent Myers, FBI.

Liz turns away.

MYERS
Miss Sherman? I'm Agent Myers, FBI. (no response)
The hospital called us. They don't feel they're capable of caring for you any longer, and --

Silence.

MYERS
Liz -- can I call you Liz? It's a beautiful name --

LIZ
(sighs)
60% OF THE WOMEN IN THIS WORLD ARE NAMED "LIZ".

MYERS
It's still impressive by my standards: My name's John.

She looks at him. He offers his hand. She looks away.

MYERS
Dr. Broom asked me to invite you back to the Bureau. No special precautions, no security escorts. You and me in a taxi. Like regular folks.
LIZ

Doesn't sounds like him.

MYERS

Miss Sherman, he's asking you back, but it's entirely your choice.

Liz turns to the 2-way mirror. Both their reflections are there.

LIZ

Choice, huh? That's cute. I've quit the Bureau thirteen times. I always go back.

(snaps two rubber bands)

Where else would I go?

INT. BEAM TUNNEL AREA - BENJAMIN INSTITUTE - DAY

An explosion of sound and light as a subway train passes through a dank tunnel. Then, light beams sweep the encrusted walls and steel columns.

Clay and some B.P.R.D. agents hold flashlights. Two of them -- MOSS and QUARRY -- carry FLAMETHROWERS.

Hellboy and Abe bring up the rear.

INT. STORAGE ROOM - DAY

They enter a store room piled high with filing cabinets, typewriters and school desks. A turn-of-the-century mural depicts happy boys doing charitable acts. A Latin phrase ("VIRILITER AGE") encourages them to behave like men.

QUARRY

(reads a map)

We're in the cellar of the Benjamin
Institute. Turn-of-the-century orphanage. Closed since they moved the sewers in '51.

Abe removes his gloves, hyperextends his palm and senses the air. Then the surface of the water.

**ABE**

There's a pulse. And it's coming from --

Debris and dust seem to float from the water's surface and towards Abe's hand.

They point their flashlights at a bulkhead.

**CUT TO:**

**INT. (SET/LOCATION BUILT SUGAR FACTORY) FURNACE ROOM - DAY**

Makeshift living quarters tucked below a maze of furnace ducts. Scores of old clocks fill the room with TICKING. At a desk, Kroenen calmly repairs a mechanical hand:
own.

His face is partly exposed. Under his leather mask, lidless eyes glitter over a skull-like grin, made of raw gums and taut skin.

As Hellboy's pounding reaches his ears, he rises, like a spider whose web has twitched. The mechanical hand rattles blindly on the table.

He opens an ancient leather folder and extracts an engraving depicting Sammael. Carefully places it on the table. Then he opens a drawer and, from an envelope, takes two torn pieces of paper. He puts them in a pouch in his belt.

INT. STORAGE ROOM - DAY

The wall collapses under Hellboy's attack.

HELLBOY

Are you coming or not?

Clay smiles uncertainly back. Hellboy moves in.

CLAY

(to Quarry and Moss)

You two, check this dump, then join us --

INT. ABANDONED SHOWER ROOM (SET) - DAY

A large oval room of rusting metal, with pipes spilling water through a large GRATE on the floor.

Abe studies it, senses something, and nods. With superhuman effort, Hellboy lifts it. Hundreds of roaches pour out.

ABE

I'm glad I'm not human. This place would be an embarrassment.

Below, a vast cistern. Abe drops in two CHEMICAL FLARES.
INT. UNDERWATER - CHAMBER (SET TANK) - DAY

The flares sink, illuminating floating office furniture and torn paper...

INT. UNDERWATER CHAMBER 2 (LOCATION: R. WAREHOUSE CELLAR)

In the lower depths, they pass shadowy industrial ruins. Settling on the bottom they reveal the hulk of a waiting SAMMAEL.

INT. ABANDONED SHOWER ROOM (SET) - DAY

Abe pulls off his breathing apparatus. Activates the locator on his utility belt. Hellboy does likewise. BEEEP! The devices synchronize. Hellboy extends a metal reliquary containing a small bone.

HELLBOY
There you go, Doctor. This should cover your tailfin -- On loan from the Vatican, a bone from Saint Dionysius. Ugh. Looks like a pinky.

Abe ties the reliquary around his hand.

ABE
Remind me why I keep doing this.

HELLBOY
Rotten eggs and the safety of mankind.

ABE
Oh, right --

As transparent nictomembrane lids cover his eyes, Abe dives.

INT. UNDERWATER CHAMBER 2 - (LOCATION R.WAREHOUSE) - DAY
Underwater, ABE finds an entire control room. 1940's magazines float by, like paper jellyfish. The amber light of the chemical flares gives the room an eerie other-worldly feel.

INT. ABANDONED SHOWER ROOM (SET) - DAY

Waiting above, Hellboy chews a Baby Ruth and pokes around. Finds a pile of children's shoes covering some yellowing albums. In the albums, a myriad of sad faces, the orphans from the past.

Some of the faces have been cut out. There's an unfinished letter to Father Christmas, dated 1866.

Clay stands below a grate, admiring his hair implants with a hand mirror.

CLAY
See? It's thicker. Isn't it? It's not that doll-hair thing --

Suddenly, something moves. Hellboy shines his light into an adjoining tunnel. Kroenen is standing there, like a deer caught in headlights.

HELLBOY
Son of a -- !

The figure darts away. Hellboy tears after it, gun in hand.

CLAY
Red, wait!

Clay tries his radio. Static.

CLAY
Red's on the move!! I'll cover him!!

He pulls out his gun and runs after Hellboy.

INT. TUNNEL LABYRINTH (SET) - DAY
Clay arrives at an intersection of sewer tunnels. The glow of Hellboy's flashlight is visible somewhere ahead, his booming footsteps rapidly receding. A veritable labyrinth.

CLAY
Damn it, Red.

INT. UNDERWATER CHAMBER 2 (LOCATION R. WAREHOUSE) - DAY

Abe nears the bottom of the cistern. As his feet touch the bottom, a cloud of silt fogs the water. He picks out a translucent egg!

Suddenly, something big glides by. Abe turns: sees nothing. He places the egg in a glass canister. Now eggs are floating everywhere, undulating in the water like amber fireflies. Abe swims slowly, collecting them one by one. Some of them are snugly wedged between two rusty machines.

Abe's reliquary gets caught in a lever and snaps loose!! It lands --

grab on a grate on the floor. Abe swims down and tries to grab it, but it falls through. Abe curses and stands up -- only to find himself FACE TO FACE with Sammael!!

The monster rakes Abe across the chest; dark blue blood begins to flow. Abe shoves himself into a long, concrete fissure. Sammael can't fit through, but the tongue darts out, missing Abe by inches. Sammael scratches at the walls, trying to reach deeper, screaming in rage.

Abe screams too, emitting a trail of bubbles.
INT. ABANDONED SHOWER ROOM - DAY

The bubbles burst on the surface. Watching them is a SECOND SAMMAEL.

INT. INTERSECTION (LOCATION / BUILT SUGAR FACTORY) - DAY

Hellboy stops, disoriented. No trace of KROENEN. He sniffs the air, then steps through a non-descript portal.

INT. (LOCATION / BUILT SUGAR FACTORY) FURNACE ROOM - DAY

Hellboy stands in Kroenen's quarters. An array of gas masks dangle from ducts overhead. Glued next to the walls are dozens of old photos of children. He discovers the Sammael engraving.

HELLBOY

"Sammael: seed of destruction. Death becomes the fertile ground."

Suddenly: drool drops from above: Sammael hangs from a beam.

HELLBOY

(turning)

Didn't I kill you already?

Sammael lunges, hurling Hellboy through an open service shaft...

...and it's a long way down.

When Sammael leaps, Hellboy throws him over the edge. Sammael, however, grabs Hellboy's tail and pulls him over the side.

INT. SUBWAY PLATFORM STATION - DAY

A subway platform. Full of people.
The two fighting creatures land on the ticket booth --
expllosion of coins, glass and steel!!! Some bold New
in the crowd start picking up handfuls of change.
The dust clears, revealing a large crater in the
floor.

Sammael hits Hellboy. The Red Giant lands on a line of
turnstiles, uprooting them all.

Sammael flies through the air, unfolds its bone scythe. Hellboy rolls away. Sammael misses: the tip imbeds
the floor and then -- TCHAKKK!!! -- in a concrete
Sammael pulls, bringing down part of the ceiling. More
from the fleeing public.

A mezzanine above Hellboy collapses, bringing the
steel cables and office furniture down onto the Red
Giant.

Sammael takes a step towards the crowd and roars --

Then, BAYMMMM!!! A desk flies up into the air.

Hellboy's stone hand emerges, triumphant.

HELLBOY
Hey, Chunk-face!

He climbs out of the crater. Sammael growls.

HELLBOY
You can do better than that. Big
monster like you.
Hellboy rips off one of the turnstile bars and hits Sammael again and again.

**HELLBOY**
See? It hurts! You shouldn't hit people!

Sammael blocks the last hit and throws the bar away. It embeds itself in the tile wall.

Sammael punches Hellboy, a hard uppercut.

Hellboy flies up, crashing through the plate glass of a second floor, mezzanine above the platform. He skids on the tile scraping a jagged line with his stone hand.

He slides past a group of BYSTANDERS and into a row of backlit subway ads. He lands in a shower of glass and debris on wooden bench, breaking it in two.

Sammael climbs up into the mezzanine.

Hellboy gets up -- his back bristling with glass shards and hears a WAIL: a YOUNG GIRL is pointing at A BOX OF KITTENS abandoned on a bench.

**YOUNG GIRL**
My kittens!! My kittens!!

**HELLBOY**
Aw, crap.

Sammael charges!! Hellboy scoops up the box, holds it high!!

Using his bone blade, Sammael pulverizes the bench.

Next, Sammael slashes at Hellboy, scattering a dozen shrieking citizens.

Illuminated by sparks and shorting lamps, Hellboy advances, blood dripping from his forehead and nose.
Hellboy starts to reload, but -- Sammael's tongue shoots out. Hellboy throws the kitten box in the air and -- the tongue with his stone hand --

**HELLBOY**

Second date. No tongue!!

-- while catching the box with his tail. The kittens are fine.

Using the tongue, he throws Sammael out a glass window. Sammael dangles above the tracks, but he re-joints himself and grabs a handhold on the train wall above the tunnel. From here, he pulls on Hellboy, sliding him toward the jagged glass.

Sammael pulls harder, enters the tunnel.

Hellboy fights to free himself, but his sweaty face is millimeters away from being sliced by the glass. All seems lost, when...

WHAAAAA!!!!!! A train appears out of nowhere heading straight for Sammael.

It splatters the thing against the tunnel wall and plows on. Sammael's body sprawls motionless at the side of the tracks.

MOSS

Their locators light up.

QUARRY

Abe --

Suddenly -- a noise! The agents leap up and sweep their flashlights over the columns... Nothing there.

QUARRY

Moss, what the hell was that?

Then, TWO SILHOUETTES cast long shadows. Powerful footfalls boom like thunderclaps.

Agent Quarry raises his gun and fires at the dark shapes. Useless: the things plow on.

Moss hurriedly straps on his flame thrower. After a few seconds, a green light beeps, READY.

The muzzle of the flamethrower vomits a 30 feet long gout of fire into the blackness.

The men pause: silence!

Quarry turns on his flashlight, hand trembling.

QUARRY

 Whatever it was --

BAM!!! SAMMAEL'S TONGUE uncurls from the shadows and lands
on Quarry's face, pulling him into the dark. His flashlight bobbles and strobes, lighting up a nightmare:

TWO SAMMAELS stand in the tunnel. One of them gleefully squeezes Quarry. The man's screams are muffled by the creature's fleshy lips wrapping around his head.

Moss runs as fast as he can, jumping and tumbling through an obstacle course of beams. Turning, he readies the flamethrower. The SECOND SAMMAEL lands on Moss's back, breaking his spine.

He can't hear her over the music. Myers knocks on the bulletproof acrylic divider.

MYERS

Hey!! The music!! Turn down the music!!

DRIVER

Yeah, yeah, music!!

He merely changes the radio station; the music stays at the same volume. Myers looks back at Liz.
She is halfway out the window, sitting on the door.

MYERS

Miss Sherman -- Miss Sherman?

She takes another Polaroid and passes it down to him.

MYERS
Nice view --

He waves at her. For the first time, she smiles.

MYERS
A smile, huh? That's good.

She takes his picture. With the cold morning wind

LIZ
Don't get used to it.

He can't take his eyes off her. They drive towards the

INT. B.P.R.D. MEDICAL BAY - DAY

Unconscious, Abe floats in a special tank. LED strips read
water temperature, pH level, etc. He's encased in a
a cybernetic healing unit wrapped around his thorax and
arm. A web of tubes and hoses keeps him in place.

SHIRTLESS and bandaged, Hellboy sits and studies him,
in a trance.

MANNING'S VOICE
He'll make it --

Hellboy turns, Manning is there:
MANNING
But not everyone was so lucky.
(beat)
Two agents died today. Clay probably won't survive the night. You're reckless.

HELLBOY
I knew those men better than you did --

MANNING
Ah, I see. That makes it all alright then.

He turns to leave. Hellboy gets up.

HELLBOY
No, it doesn't make it right, but I stopped that creature, didn't I?

MANNING
That's what you do. That's why we need you. You have an insight.
(beat)
You know monsters.

HELLBOY
What are you trying to say?

MANNING
In the end, after you've killed and captured every freak out there -- there's still one left: you.

HELLBOY
(a deep sigh)
I wish I could be more gracious but --

BAMMMMM!!!! He smashes a metal LOCKER with his stone hand and raises it above his head.

Manning cowers, realizing that Hellboy's rage is a dangerous thing.

INT. B.P.R.D. - MAIN HALL AREA - DAY

A new space. Office corridors radiate out from a brass B.P.R.D. logo on the floor. A few agents monitor computer
stations and tactical glass boards.

Liz and Myers walk in, carrying her suitcases. She looks around and sees BROOM coming down the hall.

**BROOM**
Welcome back.

**LIZ**
It's only for the weekend, Professor Broom. Then I'll be on my way --

**BROOM**
(impeccable courtesy)
Come and go as you please.
(beat)
Find your way back. We've made quite a few changes --

CRASH!!! Liz screams and Myers draws his gun. Smashing through a glass partition, the mangled steel LOCKER lands in the middle of the hall in a rain of glass and aluminum studs.

Next, Manning appears, retreating but unharmed.

**MANNING**
(gasping)
I want that thing locked up, starting now -- Now!!! You hear me??!!

He fleeing.

**LIZ**
(to Broom)
Nothing's changed. Home, sweet home.

Mortified, Broom hurries after Manning. Hellboy calmly steps through the hole in the wall.

**HELLBOY**
(seeing her)
Liz? Liz!!

She spins on her heel and walks off. Hellboy turns to Myers.

**HELLBOY**
You!!! You did it, buddy --

Myers holsters his gun and follows Liz. Hellboy is all alone now.

HELLBOY
(oblivious)
Woo hoo!!

INT. B.P.R.D. - LIZ'S ROOM - DAY

A familiar cell. Fireproof insulation covers the walls. Liz throws her bags on the bed. Myers lingers in the doorway. She reflexively pulls on one of the rubber bands on her wrist, then lets it snap.

LIZ
A little something I learned in therapy. I'm depressed --
(snaps a rubber band)
One rubber band. I'm impatient: two rubber bands...

He sits by her side on the bed.

MYERS
I'll get you a fresh pack.

INT. HELLBOY'S DEN - DUSK

A cat bats at a ball of paper. On it, two words are visible: DEAR LIZ. Hellboy's tail scoops up the paper and throws it in a brimming wastebasket.

He's sitting at a stainless steel desk, deep in concentration, writing with evident difficulty. The floor around him is covered with more crumpled pages. In the background, the projector is showing DUCK SOUP. Myers pushes in a cartload of CHILI.

MYERS
Where do you --

**HELLBOY**

Shh! Just a second.

Myers sets the tray on the table.

**HELLBOY**

Myers, you're a talker. What's a good word -- a solid word for "need" --

**MYERS**

"Need" is a good, solid word.

**HELLBOY**

Nah, sounds too "needy."

**MYERS**

Start in, you got nachos coming.

As he goes out, Liz appears in the doorway. Hellboy quickly stops writing.

**LIZ**

(notices the small feline army)

Oh, my God... Look at them all! Who had babies? C'mere, Tiger...!

Liz plays with a cat. Hellboy lifts the piece of paper, which looks like a postage stamp in his stone hand.

**HELLBOY**

Um... Liz -- I -- there's something I'd like you to -- something I need you to hear.

**LIZ**

Well. Is it long?? I'm going out, but --

**HELLBOY**

Out? Out out?

**LIZ**

For a cup of coffee, but go ahead, read.

**HELLBOY**

You're going alone?
LIZ
No. Myers is taking me.

Hellboy stands up, walks towards her.

HELLBOY
Him!! Why him? Why not me?

Myers walks back in pushing a tray of nachos.

MYERS
(to Hellboy)
Hey, your chili's getting cold --

HELLBOY
(sits back down)
Not hungry.

LIZ
What did you want me to hear -- ?

Hellboy folds the paper.

HELLBOY
It's nothing. Just a list -- It's not finished --

LIZ
Oh, okay then. Maybe later then.

She leaves. Myers smiles.

MYERS
Anything else you --

HELLBOY
(snappy)
Not from you.

MYERS
Well good n--

HELLBOY
(furious)
Good night.

INT. B.D.R.P. MEDICAL BAY - NIGHT
Under a sheet, Kroenen's cold, naked body lies on a slab. Broom talks into a tape recorder.

**BROOM**
The subject: Karl Ruprecht Kroenen --

The visible areas of the body make us grateful for the sheet covering the rest.

**BROOM**
Suffered a masochistic compulsion known as surgical addiction.

The silver hand and harness lie on a table.

**BROOM**
Both eyelids were surgically removed along with his upper and lower lips, making speech impossible. The blood in his veins dried up decades ago. Only dust remains.

(looks at an X-ray film)

Four pulverized vertebrae. A steel rod inserted into his pelvis held him up.

(beat)

What horrible will power could keep a thing like this alive?

He finds the small pieces of paper Kroenen planted in his pouch.

**INT. B.P.R.D. HALLWAYS - NIGHT**

Under the gaze of high-security cameras, AGENT LIME rolls Hellboy's food cart down the corridor and into the domed intersection. He whistles a happy tune. Opens the high security door.

**INT. HELLBOY'S DEN - NIGHT**

Lime's jaw drops.

Across the room, one of the walls has been completely demolished, revealing a SERVICE SHAFT.
LIME
Jesus.

Lime peeks into the SERVICE SHAFT.

EXT. NEWARK, N.J. - STREETS - NIGHT

Myers and Liz leave a coffee shop, strolling down the street. Myers hands Liz her coffee. They chat and laugh. He pushes his Moped. She has her Polaroid with her.

EXT. BUILDING ROOFTOP - NIGHT

HELLBOY
What are you two talking about. What's so fascinating?? So important??

EXT. NEWARK N.J. STREETS - NIGHT

Liz and Myers pause at a corner, waiting for the light. The shops are closing.

MYERS
I admire him. He's a force of nature.

LIZ
He's just pushy.

MYERS
No... He's determined. Unstoppable --

LIZ
Cocky.

MYERS
Strong.

LIZ
A brute.

MYERS
My uncle used to say... we like people for their qualities but love them for their defects.
Liz half-smiles, sips her coffee.

MYERS
He -- loves you.

LIZ
I know.

MYERS
What about you?

LIZ
Don't know. Really. I grew up with him.
   (beat)
I've missed him too, but now, every time I see him, I get confused. Hardly a day goes by he's not in my mind. Even now, I feel he's here --

As they walk down the street. A red streak jumps over roof tops.

EXT. ROOFTOP - NIGHT

Hellboy lands neatly on the adjacent roof. He looks down at Myers and Liz --

Myers offers her cream and sugar.

HELLBOY
No cream and sugar, moron. She takes it black.

She takes the coffee, waves off the half and half.

HELLBOY
Toldya.

Trying to feel superior, Hellboy chuckles. As they walk, Liz gestures vigorously. His smile fades.

EXT. NEWARK N.J. STREETS - NIGHT

MYERS
It's freezing, isn't it?

LIZ
Coffee's warming me up.
By now, all the shops are closed. They approach a small park near a train track.

**MYERS**

What do we do now? Newark, New Jersey, entertainment capital of the world.

She cleans off a wet, dirty bench, sits down.

**LIZ**

You offered me a cup of coffee. I've got one, so just sit down.

Myers is falling for her.

**EXT. BUILDING ROOFTOP - FIRE ESCAPE - NIGHT**

Hellboy leaps off a building.

**EXT. BUILDING ROOFTOP - NIGHT**

Two red hands appear over the rooftop parapet. Cursing, Hellboy hauls himself up. He finds himself next to a pigeon coop where a **YOUNG KID** is feeding the birds.

**HELLBOY**

Hi...

The kid stares at him.

**KID**

You're Hellboy.

**HELLBOY**

Shh. I'm... on a mission.

He watches as Liz and Myers sit on the bench.

**HELLBOY**

Don't tell anyone, huh?

**INT. HELLBOY'S DEN - NIGHT**

Broom examines the damage to the wall. He turns to see Hellboy's locator belt hanging on the wall. Broom shakes his

LIME
Shall we send out some scouts?

Broom motions for him to stop. It's useless,

BROOM
No. Enough. He will never change --
always a child. Always.

INT. B.P.R.D. MEDICAL BAY - NIGHT

Kroenen's body lies on the table. Slowly, his chest
starts to rise and fall. He sits up.

His arm stump docks into the prosthetic hand -- Click!

He flexes the shiny fingers.

Kroenen's hideous cranium is visible for an instant
before he zips up his mask. He takes the sharp Ragnarok knives
and turns one over. It reflects a figure standing behind
him: Grigory.

EXT. BUILDING ROOFTOP - NIGHT

The pigeon kid walks towards Hellboy, carrying two
glasses of milk and a plate of cookies.

KID
My Mom baked 'em.

He sits by Hellboy's side as he watches Liz and Myers
chatting and laughing.

HELLBOY
That's it: she's laughing. I'm done.

Hellboy grabs three cookies off the plate and scarfs
down.

KID
They don't look like spies.
HELLBOY
Come on! Look at him, those shifty eyes, that -- phony grin...!!
(seeing the last cookie)
You gonna eat that?

Below, Myers yawns. Hellboy slaps his forehead.

HELLBOY
Oh, the yawning trick. That's so 1950's! Watch his arm --

He looks around, picks up a pebble, hefts it.

EXT. NEWARK N.J. STREET - LIZ AND MYERS - NIGHT

MYERS
We all have a side that we try to hide...

Myers stretches and places his hand and arm behind her back.

Something hits him in the head.

MYERS
Hey! What the hell?

He gets up, annoyed. No one in sight.

EXT. BUILDING ROOFTOP - NIGHT

"gives Hellboy snickers, hiding and chewing a cookie. The Kid him five".

INT. BROOM´S OFFICE - NIGHT

Kroenen's two pieces of paper are joined together under a MICRO-SCANNER. Broom watches as computer enhancement fills out a couple of missing areas.

Cyrillic letters are now legible.

BROOM
(pensive)
SEBASTIAN PLACKBA #16... Moscow.

Broom pulls out a few old photos. Finds one of Grigory in German uniform, and in a book, another of Grigory in an
Orthodox priest's black cassock.

He pulls out his old wooden box, pulls out a dusty book from it. His fingers scan the text, finding Rasputin's date of birth, date of death. They pause at a particular line:

"His mausoleum is at SEBASTIAN PLACKBA #16".

**BROOM**

It's Rasputin's mausoleum.

TCHK!! A noise -- Broom turns in time to see Kroenen delicately descending a spiral staircase, blade in hand. In spite of all his experience, Broom is shaken.

**BROOM**

I see the puppet. But -- where is... the puppet master?

In the dark, a voice hisses --

**GRIGORY**

Very good, Professor Broom.

Broom turns. Grigory steps from the shadows.

**BROOM**

It was you: The scraps of paper, Liz's sudden relapse and return...

**GRIGORI**

(nods)

Bread crumbs on the trail. Like in a fable. They both distract him and guide him exactly where I need him.

**BROOM**

Moscow.

**GRIGORY**

His destiny.

He touches Broom's forehead, lightly --

**GRIGORY**

You raised the child. Nurtured him. So, In return... Would you permit me? A brief, brief glimpse? Of the future --
FLASH!!

A nightmarish tableau...

EXT. RUINS OF N.Y. - DUSK

The ruins of New York, charred, smoldering. Human remains litter the landscape. Monstrous shapes lumber in the distance... an army of apocalyptic beasts outlined against the blood-red sky.

Dominating the horror is a mountain of festering skeletons and skulls. At the top, a figure: HELLBOY, transformed. His horns are in full bloom, his eyes and mouth stream unearthly fire.

INT. BROOM’S OFFICE - NIGHT

Startled, Broom snaps out of it --

GRIGORY

If only you had him destroyed sixty years ago, none of this would come to pass. But, then, how could you have known?

Broom is speechless.

GRIGORY

Your God chooses to remain silent. Mine lives within me.

Rasputin stands, the flesh of his neck and shoulders heaving and twitching beneath his human skin.

GRIGORY

In the frozen waters of the Malaya Nevka, in the darkness of the void: every time I died and crossed over, a little more of the Master came back with me. He disclosed to me the child's true name... Would you like to know it??

BROOM
I know what to call him. Nothing you can say or do will change that. I call him son.

Discreetly, Broom removes his rosary and places it on the book. Kroenen settles in behind him.

BROOM
I am ready.

GRIGORY
Good. Now, I'll add two crumbs more:
(Kroenen displays his knives)
Grief and revenge...

Kroenen's knife goes in.

My mom says --

HELLBOY
It's not that easy, okay?
(beat)
Plus, you're nine. You're not old enough to give me advice.

KID
(shrugs)
Who are those guys??

Hellboy turns and sees --

TWO of the black B.P.R.D. Sedan cars rounds the corner.

Agent Lime bounds out of one of the vehicles, grabbing Myers, talking rapidly. Liz screams, covers her ears.
HELLBOY

INT. B.P.R.D. HALLWAY - NIGHT

Agents and Bureau employees are crammed into Broom's doorway. Hellboy, face contorted by grief, pushes through.

INT. BROOM'S OFFICE - NIGHT

The room is full of forensics people taking pictures, picking up evidence, etc. Tom Manning is there. Seeing Hellboy, respectfully steps back. Broom's fragile body lies slumped in his chair. At his feet, a pool of blood. Liz enters, then stifles a whimper. With tears in his eyes, a disbelieving Hellboy looks at then at his dead father. He holds Broom's body close to chest.

HELLBOY

Father -- I'm back. I'm back. I'm back.

Manning herds everybody out. From the door, Liz blinks back tears as the red giant kneels by the body: a dog with a lost master.

HELLBOY

I wasn't here. You died alone --

The PALLBEARERS, Manning and Myers among them, load Broom's casket into a HEARSE. Flanking it are two rows of BPRD agents.

The hearse doors close and the vehicle pulls away.

Watching like a gargoyle from a distant roof: Hellboy. Rain bounces off his wet overcoat.

Liz observes him, worried.

**LIZ'S VOICE**

He hasn't spoken to anyone in three days. Not a word. He doesn't eat, he doesn't sleep...

**INT. MEDICAL BAY - DAY**

Abe, conscious now, but still in the cast, floats upside down, solving a RUBIK'S CUBE. Liz stands by the tank.

(beat)

Should I stay? With him, I mean?

She smiles faintly.

**ABE**

Listen -- I'm not much of a problem solver...

(displaying the cube)

Three decades and I've only gotten two sides.

(beat)

But I know this much: if there's trouble -- all we have is each other. And I'm stuck here.

We've collected and destroyed thousands of eggs. No trace of this "Sammael" or this "Rasputin" character. But we have this address --

In a meeting room, Manning stands at a polished obsidian desk. A group of agents -- Myers among them -- listens attentively.

MANNING
Sebastian Plackba #16. Volokolamsk fields, fifty miles from Moscow. We leave as soon as we get clearance and equipment --

MANNING
Hellboy's coming --
(beat)
But I'll be in charge this time.
Either we wrap this up or I'm closing this freak show for good.

Myers spots Liz walking past the conference room.

INT. BROOM'S OFFICE - DUSK

Hellboy stands before Broom's desk, pensive, his naked chest bandaged.

Liz watches him from across the room. He finds Broom's rosary on top of the book. Reads the underlined phrase on the page.

LIZ
Hi --

He turns to her. She slowly comes towards him.

HELLBOY
Hi.

LIZ
I've changed my mind. I'll come to Moscow. If you -- are still going --
Hellboy nods, then clears his throat.

**HELLBOY**

I am.

(beat)
But -- I have something to say, too.

(beat)
I never had the guts before --

He looks her in the eye.

**HELLBOY**

But I understand what you don't like about me. I do. What I am makes you feel out of place -- out there --

**LIZ**

Red, I --

**HELLBOY**

Listen. I'm not like Myers. He makes you feel like you belong. And -- that's good. It really is. I -- wish I could do something about this --

(points at his own face)
But I can't.

(beat)
I can promise you only two things...

One: I'll always look this good.

Two: I won't give up on you. Ever.

**LIZ**

I like that...

**HELLBOY**

Good.

Fleshy Russian General -- LAPIKOV -- gets out of the limo. Then Ilsa and Grigory.

GENERAL LAPIKOV
I have accumulated many objects of great interest. Preserving our heritage.

The warehouse contains a world of bric-a-brac: a towering marble LENIN HEAD, Old Master paintings, tanks, warheads, missiles, etc.

GENERAL LAPIKOV
Many -- like me -- believe Mother Russia to be very close to a historic rebirth.

They stop before a cargo container. With a butane torch, a soldier melts away the lead Kremlin seal, then open the doors.

GRIGORY
Rebirth? I like that.

INT. MOSCOW WAREHOUSE - THE CONTAINER - SAME

**GRIGORY**
Now, finally, it's mine.

**GENERAL LAPIKOV**
You are aware, of course, there's no way you'll get it out of Russian territory.

**ILSA**
(curtly)
He is aware.

Ilsa brings out a chrome box, full of gold.

**GENERAL LAPIKOV**
It's a pleasure doing business with you. Perhaps you have other interests.

She's a tough one.

Liz and Myers move off. Hellboy shines his light down the tunnel on the left. Agent Lime picks up the corpse and follows.

INT. TUNNEL "A" / CHAMBER - DAY

Hellboy and Manning come into a vast chamber: Slavic motifs crown the rugged stone pillars and archways. Water runs down the walls.

Across a small stone bridge, light pours from a hexagonal structure.

They step onto the bridge. KLANGGG!!! two gears release a steel door from above, forcing them to forge ahead.

Somewhere, a massive clockwork is TICKING.

MANNING
What's that --

Hellboy motions for silence. The CORPSE mutters: "IT'S SOMETHING BIG"

They stare into the darkness.

MANNING
We should go back -- you -- you could tear that door apart --
HELLBOY
Don't move. We --

MANNING
-- should go back. Now!

HELLBOY
No. Don't --

MANNING
I'm in charge. We go back!

Hellboy yanks Manning just in time. BAMMM!!!! A gigantic metal pendulum swings past and demolishes one third of the bridge a few feet from their feet. It takes Lime and the CORPSE with it.

Another door on the far end of the bridge shudders downward.

HELLBOY
Son of a --

Whoosh! The PENDULUM swings back. It destroys more of the bridge. Manning sprints for all he's worth and crawls under the door.

Hellboy runs, but chunks of stone disintegrate under his feet.

The pendulum swings back taking out the final piece of the bridge just as Hellboy rolls under the door -- and makes it into the hexagonal building.

INT. STONE CORRIDOR - DAY

HELLBOY

(to Manning)

Crap. This guy moves like a cockroach --

Hellboy readies his gun and then creeps toward the lab.

INT. HEXAGONAL STONE LAB - DAY

Hellboy's footsteps elicit soft creaks from the wooden floor. Manning moves along behind him.

The record finishes playing. Silence --

SWISH!!! Kroenen's whirling blades slice the air, ripping into Manning's arm. As Kroenen goes in for the kill --

-- Hellboy thrusts out his stone fist as a shield.

Kroenen bears down but Hellboy fends him off with powerful,
blocks.

Kroenen hauls out one of his long swords.

**HELLBOY**

Screw that.

HELLBOY yanks it away and bends it like a twig.

**HELLBOY**

You killed my father --

BAMMM!!!! another hit.

Kroenen staggers back with each blow. Finally, the mask falls off.

**HELLBOY**

Give your soul to God, Your ass is mine.

An asthmatic wheeze erupts from his scarred face.

Kroenen is laughing.

**INT. HEXAGONAL TRAP DOOR PIT - DAY**

BAM!!! Under his feet, a huge trapdoor falls open. He and Manning drop through, along with the phonograph.

Hellboy grabs a rope. It spins through a copper pulley, a large knot jerks him to a stop. Hellboy snatches hand, but loses his backpack.

He looks down. The phonograph hits the ground with a crash.

**MANNING**

(panting, whispers)
Well, it's not that big a fall...

KLANGGGG!!!!!! The entire bottom bristles with six-foot, sparkling steel blades.
INT. ABOVE THE HEXAGONAL TRAP DOOR PIT - DAY

Kroenen cautiously leans over the pit. He can't hear a sound.

As he peeks -- SWISH!! A loop of the rope wraps around his neck and yanks him forward! Before he goes over, he frantically digs his blades into the floor, anchoring himself.

INT. HEXAGONAL TRAP DOOR PIT - DAY

Hellboy has used the rope hanging below him as a lasso. MANNING clings to his powerful back as he climbs up, hand over hand.

INT. ABOVE THE HEXAGONAL TRAP DOOR PIT - DAY

Kroenen goes to cut the rope...

INT. HEXAGONAL TRAP DOOR PIT - DAY

HELLBOY
(reaching the top)
Oh, no you don't --

Hellboy wraps the rope around his stone fist and, with a brutal stone-fist yank, pulls KROENEN into the pit! With a horrible scream, Kroenen drops headfirst past them and onto the spikes. He wriggles like a fish caught on a hook, only making it worse, as he slides further down the blades.

INT. ABOVE THE HEXAGONAL TRAP DOOR PIT - DAY

INT. ABOVE THE HEXAGONAL TRAP DOOR PIT - DAY

Hellboy peers down. Still alive, Kroenen frees one arm, slicing through his own ropy bicep.
HELLBOY
You like playing possum, you Nazi pinhead?
   (beat)
Then try playing dead.

INT. BOTTOM OF HEXAGONAL TRAP DOOR PIT - DAY

Hellboy tips a massive cogwheel over the edge. Kroenen emits a horrid scream as it crushes him.

INT. ABOVE THE HEXAGONAL TRAP DOOR PIT - DAY

Manning sits down, bandaging his injuries. Hellboy kneels down.

HELLBOY
Are you okay?

Manning nods weakly. Hellboy brings out a cigar and fires up his Zippo.

HELLBOY
You'd better stay here. I'll find a way out. We'll come back for you.

MANNING
You call that thing a cigar??

HELLBOY
Yup.

MANNING
You never, ever light a cigar that way.

He digs out one of his fine cigars, cuts it and hands it to Hellboy.

MANNING
Use a wooden match. It preserves the flavor.

He lights it for him. Hellboy grins.

MANNING
Thank you.
HELLBOY
(smiles)
My job.

INT. TUNNEL "B" - UNDERGROUND NARROW TUNNEL - DAY
A narrow tunnel. Liz and Myers advance carefully.
Just ahead, a cave-in. Pieces of ceiling, timber, coffins and corpses form a chaotic barrier. As they squeeze past...

MYERS
So, he thinks that you and I... That's why he's mad at me --
A few bones roll by. Wet earth drops onto their shoulders. They draw their arms close to their bodies, pointing their flashlight beams straight down. A moment of strange intimacy.

MYERS
But it's not true, is it?

LIZ
What -- ?

MYERS
That you feel that way about me.

LIZ
You want to know -- Now -- ? Here? Red, white, whatever -- Guys are all the same.

INT. TUNNEL "C" - UNDERGROUND TUNNEL - STEEP SLOPE - DAY
Hellboy labors up a steep slope, using rocks and roots for handholds. He reaches a dead end and collapses, out of breath. Light filters through a crack in the ground; he can faintly hear Liz and Myers.
INT. TUNNEL "B" - UNDERGROUND TUNNEL - CAVERN AREA -

DAY

Liz and Myers reach a wider section of Tunnel "B". They find themselves calf-deep in brown water. Myers lights Liz's path as she steps onto a large stone.

**MYERS**

Watch out. It's slippery...

His light shorts out. She shines her light past him.

**LIZ**

Oh, my God...

Myers turns. His flashlight comes back on, revealing a complex natural cavern. An entire WALL IS COVERED with translucent eggs.

SAMMAEL is there, gnawing on a dry arm bone, with the hand still attached. When the light hits his face, his milky pupils constrict. A snarl...

A SECOND SAMMAEL emerges from the water. It shakes itself off. A THIRD ONE raise its head.

Myers and Liz try to back away, but a metal wall rises right behind them KLANKKKKK!!! They are trapped!!

Myers goes to grab a set of explosive belts. Tries to set up the timer. Zipp! -- one Sammael snatches them away.

Myers falls to the ground, clothes torn, injured.

**LIZ**

(into the radio)

Marco, Marco, Marco... Get your Big Red butt over here!

Something stomps on the ceiling directly above them.

Again and again.
INT. TUNNEL "C" - UNDERGROUND TUNNEL FLOOR - DAY

Hellboy pounds the floor with his rock hand. Furiously.

HELLBOY
Hang on kid, I'm coming for you!!

The rocks below him start to crumble.

EXT. ANTHILL VIEW OF UNDERGROUND TUNNELS AND PITS - DAY

In an "ANT FARM" view of the complex, we see Hellboy pummeling and -- in the cavern below -- Liz and Myers.

INT. TUNNEL "B" - UNDERGROUND TUNNEL CAVERN AREA - DAY

Dust and rocks fall from above. The four identical creatures move in on Liz and Myers. Myers shoots one in the head three times. The creature shakes off the hits as if pelted with pebbles.

One of them springs. As it flies through the air, Hellboy crashes through the ceiling. He lands on top of it along with a ton or two of stone. The creature is crushed.

Two eggs glow, metamorphosing. Presto -- two new Sammaels are born. The first two Sammaels growl, joined by the new ones. Liz sprints to safety.

HELLBOY
Sorry. Just couldn't leave you two alone.

Hellboy scoops up Myers and deposits him next to Liz. Lit by Myers' flashlight, two of the creatures jump. One clamps onto Hellboy's back, the other onto his leg. Hellboy howls. The third one joins in, like lions dragging down a zebra. This time, though, the zebra fights back.
Hellboy pulls out his gun and fires a round into the chest of a Sammael. Two eggs glow -- two new Sammaels are born. They're FIVE.

Hellboy's torso is covered in blood. He falls to the ground. A fourth and a fifth creature spring onto him, biting. Hellboy is in trouble.

Liz watches and shivers. A ripple of heat shimmers over her body.

    LIZ
    (at Myers)
    Hit me.

    MYERS
    What?

Liz is desperate, crying.

    LIZ
    Hit me --
    (beat)
    All of my life I've run away from it... Now I want it to happen! Do it.

Hellboy screams. Water explodes under the fighting bodies. Two of the Sammaels turn their attention to Liz and Myers.

    MYERS
    I can't, I --

Liz slaps him.

    LIZ
    I know now: I love him. I've always loved him.

A beat of silence, then Myers slaps her across the face, around once. Hard. The heat ripple builds. The air vibrates her. Her pupils kick back light, like an animal's.
LIZ

Go now.

Myers ducks behind a rock as Liz's arms blaze with fire.

The two approaching Sammaels are ready to pounce. On top of Hellboy, one of them turns its head, like a lion hearing the hunter's gunshots. A staggering Hellboy sees Liz's body shake in a surge of white-hot energy.

HELLBOY

(weak)
Liz...

The water at her feet blows away as a concave shockwave of fire expands. The fire engulfs the creatures. Devours them all.

INT. TUNNEL "B" - UNDERGROUND TUNNEL CAVERN AREA - DAY

The screen FADES TO WHITE and then...

Silence, then a pulse. A high ringing tone. A heartbeat.

Hellboy pushes away the half-cooked remains of two Sammaels. The other creatures are little more than blackened bones. He stumbles forward. No water left. Everything is half-buried in a cracked, bone-dry bed of mud. Liz lies on the ground, on her side, unconscious.

Myers is alive, but too groggy to even acknowledge it. Weakly, deafness, absurdity, he sees Grigory -- LAUGHING noiselessly, witness to an absurd comedy.

Ilsa approaches. And -- in a simple, brutal move -- hits him with a hammer --

INT. THE CATACOMBS - NIGHT

Hellboy slowly comes to. He is chained to a massive wooden yoke. He takes notice of his surroundings: a large church-like space, surrounded by funeral niches and statues holding swords. High columns flank huge mechanical gears. An SOLAR SYSTEM MODEL takes the place of an altar.

Off to one side, Ilsa uses a hammer to destroy the timers on the explosive belts.

Next to the main nave, Myers is tied to a stone pillar. Under his feet, a blood channel, leading to the immense stone slab bought from Lapikov.

Liz lies at Grigory's feet. He's dressed in a ceremonial robe and holds his leather book open. His back to Hellboy, he faces a mural of the angel Abbadon holding a key.

GRIGORY

"And I looked and beheld an Angel, and in his hand the key to the bottomless pit..."

Hellboy tenses, rage building. The yoke creaks, but doesn't bend.

GRIGORY

(gestures at the stone piece)

These were the words I heard as a peasant boy in Tobolsk. And now, the door -- Sent by the Ogdruh Jahad so that they might at long last enter our world.

ILSA
(to Hellboy)
You are the key! The right hand of
doom!

Hellboy studies the stone sculpture, its three HAND
IMPRINTS --

ILSA
(triumphant)
What did you think it was made for?
Open the locks.

Hellboy stares at his huge right arm, as if for the
first
time.

MYERS
Don't do it!! Don't do it!!

Ilsa kicks Myers in the face.

ILSA
Silence!!

The open dome above reveals the moon. An eclipse is
beginning.
The altar's clockworks monitors its progress.

ILSA
Imagine it: An eden for you and her --

HELLBOY
No.

Grigory turns to Hellboy.

GRIGORY
No?
(reasonable)
In exchange for her life then, open
the door.

In torment, Hellboy, shakes his head: no.

GRIGORY
As you wish.

He leans over Liz, whispers in her ear: Her body
arches, her
mouth emits a plume of energy. Grigory greedily inhales
it.

Then she goes limp.
GRIGORY
She's dead.

HELLBOY
Noooo! Noooo!!!

He struggles again. One of the cuffs snaps. He swats Ilsa with his free hand. She stumbles backwards. Now Hellboy fights to free his other hand. Indifferent, Grigory watches the eclipse.

GRIGORY
Her soul awaits on the other side. If you want her back...
(beat)
Open the door and claim her.

His head and heart racing, Hellboy struggles for an answer. Can't find one... the moon is almost totally eclipsed. He drops his gaze. His voice a hoarse whisper.

HELLBOY
For her.

Grigory moves close to Hellboy. Rips the rosary off his wrist. It lands near Myers.

GRIGORY
Names hold the power and nature of things. Mine for example. Rasputin: "The crossroads."
(beat)
And crossroads I have become. (beat)
Your true name: Anung-un-Rama. Repeat it. Become the key.

HELLBOY
(closing his eyes)
Anung-un-Rama...

INT. CATACOMBS - NIGHT

Hellboy's stone arm glows. Ancient symbols of fire burn
stone. Flames momentarily engulf his body.

**INT. CATACOMBS - NIGHT**

Hellboy roars as his HORNS majestically burst forth! Out of his mouth, energy and light boil like condensing breath on a winter's night.

Inebriated with power, the new PRINCE OF HELL smiles with supreme arrogance. His shadow falls on the white marble slab and mysteriously spreads over it until the stone turns black as obsidian.

**MYERS**

No!! Don't do it!! Listen to me!!

HELLBOY inserts his enormous paw into the FIRST IMPRINT on the stone slab -- CLACK!! He turns it, like a lock.

A beam of crimson light shoot upwards into the sky.

**EXT. VIEW FROM THE CITY - NIGHT**

Visible from all over Moscow, the beam blazes to the moon! The same phenomenon as in the prologue, but this time it's more intense, with ripples and haloes.

**INT. THE OTHER SIDE - NIGHT**

Again, the infinite, starry space. Again, the OGDRU JAHAD. The ruby beam pierces the darkness.

**INT. CATACOMBS - NIGHT**

Hellboy watches as the FIRST IMPRINT disappears. In its place: a burning glyph.

Myers struggles with his bindings. The rough hemp cuts his skin, but he manages to free one hand.

**EXT. ON THE OTHER SIDE - NIGHT**
OGDRU JAHAD shifts, suddenly breaking free. Gelatinous limbs uncurl, expand. Its enormity puzzles the eye, obscuring frame.

INT. CATACOMBS - NIGHT

Hellboy thrusts his hand into the SECOND IMPRINT. CLACK! He turns it. Myers spots the broken rosary and reaches for it --

INT. THE SKY - NIGHT

IN THE STORM CLOUDS, LIGHTNING ILLUMINATES GARGANTUAN TENTACLES REACHING INTO THE EARTHLY PLANE.

INT. CATACOMBS - NIGHT

Grigory drinks in the first signs of the arrival and laughs.

GRIGORY
The final seal. Open it!

Hellboy puts his hand inside, CLACK!!! Before he can turn it, Myers reaches the rosary. Ilsa lunges at him. He clobbers her full in the face. She staggers back and down.

MYERS
(to Hellboy)
Remember who you are!!!

He throws the rosary at Hellboy. Instinctively, Hellboy catches it. It smokes in his hand. He tosses it away. It lands next to the explosive belts.

Hellboy opens his palm, seeing the smoking, charred imprint of the cross and beads. He looks over at Grigory. With a blood-curdling scream, Hellboy grabs his horns with both hands, brutally snaps them off. Energy spews from
He stabs Grigory with one of them. Grigory drops to his knees, holding his stomach. Hellboy drops the blood-stained horn. The final lock disappears into the stone. The light and the connection with the moon is broken. Ilsa, licking her bloody lips, looks up. The sky is silent. The thunderclouds are parting. The eclipse has ended. Grigory crumples in agony.

The burning glyphs in Hellboy's stone hand dim down, his features and body resume their usual shape. All is quiet.

GRIGORY
You will never fulfill your destiny.
You will never understand the power inside you.

HELLBOY
I can live with that.

He breaks Myers' chains, helps him up.

INT. CATACOMBS - NIGHT

Hellboy painfully takes Liz's limp body in his arms. He kisses her forehead, caresses her hair, then walks down the steps. Myers steps on something. He looks under his foot: A smashed GLASS EYE. Then... out of the silence, a WHISPER.

GRIGORY
Child...

Hellboy turns. Grigory, on his knees, smiles.

GRIGORY
(dying)
Look what you've done --

He looks up. In his empty eye socket, fleshy tendrils lazily.

GRIGORY
You've killed me -- an insignificant man... but you have brought forth a God.

He uncovers his abdomen. Long, fleshy pseudopods spill of the wound, like intestines.

A large entity erupts from Grigory's torso and claws the air.

GRIGORY
Behold, my master, Behemoth. Guardian of thresholds, destroyer of worlds.

Covered in steamy slime, a seven foot, multi-tentacled BABY BEHEMOTH -- lands on the stone slab. The squirming surges up like greasy pink foam. Growing exponentially the second.

Ilsa kneels and embraces Grigory's corpse. Kisses him mouth. A gargantuan tentacled shadow looms above them.

ILSA
Hell will hold no surprises for us.

A tower of flesh disdainfully crushes them both.

INT. CATACOMBS - ADJACENT TUNNEL - NIGHT

In a passageway, Hellboy carefully hands Liz's body over to Myers.

HELLBOY
Keep her safe. No matter what. I'll deal with whatever's back there.

MYERS
Alone?

HELLBOY
How big can it be?

As if in response, a massive tentacle fills the tunnel, reaching for him. Oil lamps hanging from the ceiling smash onto HELLBOY's head as he is pulled back at breakneck speed, finally confronting --

INT. THE CATACOMBS - NIGHT

BEHEMOTH!!! The size of a house --

Hellboy -- head smoking -- writhes in the grip of the tentacle. It suddenly throws him toward the ceiling. As he arcs back down, ABM!! -- he cracks the floor wide open. Next to him: the rosary and the EXPLOSIVE BELTS. He tries to grab them. The tentacle slams down, blocking his way. The vibration sends the belts down into the crack. They bounce off a small ledge and land further down. Far below, grinding cogwheels and gears.

Hellboy manages to pull a steel sword from the closest marble statue.

Hellboy stands up and swings the sword for all he's worth. FWAP! He cuts clean through the tentacle. The tip hits the floor, rolling into the crack. From out of Behemoth's stump... a mass of wriggling tentacles replaces the cut-off section! They squirm around face as he slashes, again and again, fighting his way forward. He leans into the crack, stretches his arm, struggling to grab the belts. A few inches short. He jumps into the crevice,
onto the first ledge. It crumbles!!

The gears below grind a few falling bricks. The belts slide away.

A tentacle captures Hellboy, pulls him up. At the last second, he grabs the belts with his tail.

The beast raises Hellboy high. A multi-layered mouth opens in the body of BEHEMOTH. The most horrible proboscis ever seen.

Hellboy's tail passes him the belts.

The timers on them are crushed. A spark spurts:

**HELLBOY**

They never work --

He wraps them around his stone arm.

**HELLBOY**

Ugh -- Now, this is gonna hurt --

He pulls the pin on all the explosives. BEHEMOTH drops him into a squid-like beak and gulps him down.

After a moment, a weird gurgle emanates from the creature's innards. Then --

**INT. CATACOMBS - NIGHT**

A surge of light roils within the thing, outlining the pulpy organs. The creature starts to burn.

**OMIT**

**INT. CATACOMBS - NIGHT**

A chain reaction yields a cacophony of explosions as Behemoth is enveloped in a cloud of fire, goo and soft flesh.

Hellboy lands with a sickening, bone-crunching THUD!!!
With a bellow, Behemoth goes down, the limp tentacles missing Hellboy as they vanish in a blaze of energy and light. Finally, just a few cinders of flesh float in the air.

**INT. CATACOMBS - NIGHT**

Hellboy stands, covered in goo. Two final shockwaves of light ripple over the ground.

**HELLBOY**

Ouch -- It did hurt.

**INT. ADJACENT TUNNEL**

Hellboy lurches into the passageway and spots Myers. Painfully drags himself over. Liz's body is on the floor. Manning limps in from an adjacent room. Hellboy cradles Liz's head in his huge hand. Holds her against his powerful chest and whispers in her ear. A beat or two, then a moan.

**LIZ**

In the dark -- I heard your voice -- What -- did you say -- ?

He looks at her, lovingly caressing her hair.

**HELLBOY**

"You, on the other side: let her go. Because for her, for her -- I'll die. I'll cross over."

(beat)

"And you'll be sorry I did."

Myers smiles. Liz looks at Hellboy for the first time as what he is: the man she loves. A warm, gentle fire rims her body.

Manning watches. Agent Myers smiles a sad smile, illuminated by the flames.
Hellboy and Liz kiss. The fire haloes them and builds as Tom Waits' CINNY'S WALTZ fills the air.
