Dear Doctor

**RE: MEDICAL CANNABIS REFERRAL**

Thank you for referring your patient to the Medical Cannabis Clinic at Caleo Health. The goal of the clinic is to assist you and your patient with qualifying, prescribing and utilizing medical cannabis based on evidence-based best practice.

We strive to have clear communication with you and your patients and to allow for open dialogue as it pertains to the prescribing of medical cannabis.

When prescribing our physicians have access to consult with specialist in chronic pain, physical rehabilitation and psychiatry to better understand the benefits and risk associated with the medical cannabis use. We utilize knowledge sharing methodologies and machine learning to optimize prescribing and treatment outcomes. Patient consumption and strain finding tools are used to help guide how our physicians prescribe and our patients use medical cannabis.

Based on the number of patients that have been prescribed medical cannabis we believe it is imperative that there is a safe and effective avenue and good practice guidelines established for patients and physicians.

Please fax 403.984.5445 or Secure-mail [referrals@caleohealth.ca](mailto:referrals@caleohealth.ca) your referral to us if you would like your patient to be seen in the Medical Cannabis Clinic. Feel free to call our office at 403.984.5454 if you have any questions.

Best Regards,

Dr. W. Meerholz  
Caleo Health
