JOB POSTING
COMMUNITY OUTREACH COORDINATOR

The Uncas Health District is seeking an independent contractor to serve as a Community Outreach Coordinator (COC) to protect the health of Hepatitis C (HCV) infected individuals who are: unaware of their infection; need additional testing to confirm the presence of an infection; are out of care or were never linked to care after initial diagnosis, or who have not cleared the HCV infection.

The primary duties include locating, counseling, identifying risk behaviors and at-risk contacts of persons with HCV, testing and assisting with providing a linkage to care.

The candidate must have a valid Connecticut driver’s license. Blood-borne pathogens and HIPAA/Confidentiality training is preferred. CDC Intervention Certificate and completion of a phlebotomy and/or point-of-care Hepatitis C testing certification are preferred, or completions of a certification program will be required upon hire. This is a grant funded contracted position for up to 35 hours per week for the term of the grant.

Questions about the position may be directed to Susan Dubb, Public Health Nurse at sdubb@uncashd.org or (860) 639-5139.

Interested applicants should submit a letter of interest, resume and completed application by December 18, 2019 to doh@uncashd.org.
