

INSTRUCTIONS OF ENDOSCOPIC ULTRASOUND  
PROCEDURE (EUS)

Do not eat or drink anything after midnight starting the night before the exam and continuing until after the exam

Please **DO NOT** take any medication(s) on the day of the procedure, until **AFTER** the procedure\*\*

\*\*You may continue to take those medications prescribed for blood pressure or heart conditions, but with as little water as possible.

Diabetics should avoid taking all insulin regulating medications the morning of the procedure, until after the procedure.

\*\* **DO NOT** take any aspirin or **aspirin-like products/ blood thinners (i.e. ibuprofen)** for at least **7 days prior** to your procedure. \*\*

Please arrange for someone to take you to and from the facility. We cannot allow you to leave without someone there to assist you.
