

CONSTRUCTION CONTINUES DURING COVID-19 RESPONSE

“ Take advantage of low foot traffic to schedule your property upgrades.

The health and safety of our employees and clients is of utmost importance. As an essential service, Fort Sands is following government and AHS guidelines to ensure our construction projects are successfully completed with the utmost care. Thank you for your trust. ”

24/7 construction capacity even during COVID-19 response to accommodate your production schedule & shutdowns.

Improve quality & safety with your choice of the most experienced trades-people in the area.

Capitalize on lower construction labour costs due to slow-down.
