

#DRINK
NO EVIL

FAIRTRADE, ORGANIC & DELICIOUS

Cola nuts are the karma and the cola in Karma Cola.

They grow in the Rainforest around the Boma and Tiwai communities in Sierra Leone.

The people who live there still use cola every day for health, wellbeing and friendship. And for a boost, like coffee.

They also benefit directly from the sale of every bottle of Karma Cola.

It's what makes Karma Cola taste good and do good.
