

Sasha Story (Member at Large) – Bio

A little about me:

I have been working at North Metro Fire for the past three years and stepped into the position of Life Safety Education Specialist this past September. I love working at North Metro (the people here are fantastic) and I love my position as an educator!

Before coming to North Metro Fire, I completed my degree in Elementary Education and taught in the Saint Vrain Valley School District for 3 years.

On a more personal note:

I am a Colorado native. I grew up in the Longmont and Windsor/Ft. Collins areas, and love the Front Range Area! It's been so strange over the years to see how much this area has grown!

After high school in Windsor, I went to the University of Wyoming for a couple years before moving down south. I lived in New Orleans for a year and Lafayette, Louisiana for 6 years. Moved from there to Houston and then overseas to Indonesia for 5 years. After being away from this area for about 20 years, I moved back to Colorado in 2012 and currently live in Erie.

I have three daughters, 21, 18, and 14 years old and they are the loves of my life! I just wish I could slow things down sometimes because they just grow up way too fast!

I am excited to be a part of CRRN and am very happy to be joining the Executive Board for CRRN! I'm hoping to help bring positivity to this group and create an atmosphere of inclusiveness with open minds to foster growth and comradery. Thank you so much for allowing me to step into this role and cheers to a great year with the CRRN!
