A message from LWV Lake County President

Census 2020 has started. Between now and March 20, homes will receive official Census Bureau mail with detailed information on how to respond. March 16-24. IF YOU HAVE NOT RESPONDED - March 16 to April 3 another reminder will be sent. April 8-16 a reminder letter and paper questionnaire will be received. And April 20-27 the final postcard will be received before a person will follow-up. The Census is available in 13 languages on-line or phone.

Why is there a Census? It is the law. But besides that keep the following in mind. The number of representatives for state and Washington DC is based on this information. It also helps determine what areas will businesses come to or factories built? Increase or decrease in public transportation? How many dollars will be for education, roads, hospitals or other services?

This is just a very small amount of information of why it's important to complete the Census.

On a happy note, it's almost Spring. The leaves are budding on trees and bushes and flowers are pushing through the earth. Enjoy!!
