**February 24<sup>th</sup> and 25<sup>th</sup>**

“Are My Sheep Making Me Money?” Join Dr. Richard Ehrhardt, Small Ruminant Extension Specialist at Michigan State University as he shares the MSU Lamb Profit Calculator and gain a better understanding of sheep production profitability. You’ll learn to take a critical look at your operation while evaluating the profit of marketing a lamb and how it relates back to the overall profit per ewe in your flock.

Dr. Ehrhardt will also discuss “Basic Principles to Improve Production Efficiency on Your Farm.” Learn how management decisions can alter your bottom line. Discussing methods to lower feed costs, labor investments, and production traits just to name a few.

**March 3<sup>rd</sup> and 4<sup>th</sup>**

Join Brady Campbell, Program Coordinator for the Ohio State University Sheep Team as he presents, “Grazing Systems – Finding the Balance Between Nutrition and Parasite Management.” He has experience in sheep production, welfare, and behavior as well as alternative grazing systems and parasitology from the Wooster campus.

There will be brief small ruminant updates from varying sectors of the industry for seasoned shepherds as well as beginners.

Light refreshments will be offered. Join us to move your operation forward in 2020!

**Schedule:**

- 5:30 PM **Registration**
- 5:45 PM **Welcome**
- 6:00 PM **Industry Updates**
- 7:00 PM **Featured Speakers:**
