Matthew 28:1

Mia Sabbaton

Acts 2:1

Mia Sabbaton

Mia Sabbaton is the true name of the Bible solar day that copies the order of the days of creation. Mia is a Solar day that is -not measured with clocks but a natural measure made only with the eye. In the English there is no word equivalent for the Bible word Sabbaton, a seven day solar cycle that starts on a time parallel to the Artificial civil time measure of Saturday night at dusk of the evening. Leviticus 23:32b From even unto even you shall celebrate your Sabbaton (see Septuagint).
