NIGERIAN aesthete **Ike Ude** has just published "Style File: The World's Most Elegantly Dressed" (HarperCollins), and the author held court the other night at **Diane von Furstenberg's** glamorous emporium to sign copies of his massive compilation of photos and bios. Actress **Marisa Berenson**, Vogue's **Hamish Bowles**, downtown dandies **Patrick McDonald**, **Kenny Kenny** and **Montgomery Frazier**, model **Pat Cleveland** and designer **Iris Apfel** appeared both in the book and in the flesh to toast Ude, while **Mary McFadden** quipped about her portrait to writer **Gregory Speck**: "Just look, Ike has not only painted me gold, he's given me a swan neck!"
