

May 2015 WEBSITE

Dear Condos at Mill River Association Members:

The Mill River Condo Owners are also part of the Mill River (POA), sometimes referred to as the Master Association. A percentage of the Mill River Condo Association assessments are paid to the Mill River POA to help defray the maintenance costs of common areas such as the private park and beach.

To obtain news and information about the Mill River Property Owners Association (POA) please take a few moments to peruse the website located at <http://www.millriverpoa.org/>

You can register by looking at the very bottom of the first page of the website under “Member Registration” and once you have completed the questions, just press “submit”. Once submitted, the registration form will automatically come to the HOA management company and you will then receive a temporary password code via e-mail to log into the private section of the website. Please insert the temporary password, change the password code with a new personal password and then you will have access to all sections of the website from that point on.

If you have any questions, please do not hesitate to contact Laura White at ASI, 208-676-8626.

It is the Mill River POA Board of Directors goal to keep all members informed of changes within your master association in a timely fashion.
