

Residential Therapist

Home / Jobs / Residential Therapist

Full-time residential therapist position is available at Wayside House, a women's substance abuse treatment center. We are looking for a licensed therapist (LCSW or LMHC required, CAP preferred) with experience in substance abuse and related mental health (i.e. trauma, eating disorders, depression, etc.). Residential Therapists are primarily responsible for providing a strong therapeutic relationship for the client, coordinating care among the multidisciplinary team, and guiding the course of treatment through a written treatment plan. Duties include assessment, and treatment planning, individual, family, and group therapy, and documentation.

Wayside House, established in the community for over 40 years, is a residential treatment facility for women ages 18 and older who suffer from alcohol and/or drug addiction. Our treatment program is based on the 12-step model, individualized for each woman.

Benefits include 100% employer contributed health insurance and paid vacation available after 90 days, employer-paid pension plan after 1 year. Salary range is dependent upon experience.

Please send cover letter indicating salary requirements along with your resume to lkelly@waysidehouse.net.
