## Employment Opportunity – Senior Paediatric Speech & Language Pathologist

Range of options from part time through to full time hours

Sensory Connections is a private paediatric practice located in Shenton Park. We provide a homely and well-resourced working space and a supportive and innovative team environment.

We are seeking an experienced clinician who is passionate about making a difference through improving outcomes for children and families and shares our values. <https://sensoryconnections.com.au/philosophy/>

SLP's in our practice work with children and families from early intervention through to school aged. Children presenting for SLP services have a range of challenges including speech and language delays, autism, developmental delays, dyspraxia, and learning disabilities. We use a developmental and relationship based framework ( DIR/Floortime ) incorporating naturalistic child directed floortime as well as a range of child directed, play and structured speech and language pathology strategies as appropriate for the individual profile of the child and family. • We support families across the child's environments (supporting home, daycare of Kindy/school as required) The successful candidate will have the opportunity to participate in house training and mentoring, and to closely work with occupational therapists. Training is provided in DIR/Floortime as appropriate.
