DepositConnect Cash Recycling Solution

Benefits of using DepositConnect Cash Recycling Solution

DepositConnect takes the leg work out of cash handling, allowing you to securely and accurately manage your incoming cash, track your cash-flow and avoid the risks and costs associated with cash handling.

Cash and Coin Recyclers are able to work in combination or stand alone to suit the needs of your venue.

Features

Benefits

| | |
|--|---|
| Efficient cash handling | Simultaneous count/authentication, high speed note and/or coin counting, bundled feed operation and pre-sort dispensing |
| Cash and/or coin recycling | <ul style="list-style-type: none"> Recycles cash and/or coins and can be configured based on venue requirements Automatically sorts notes and/or coins Allocates excess funds for banking Full cash flow reconciliation |
