

## Why choosing local is important.

### Did you know that Next Monitoring Inc. Medical Alerts:

- Is a LOCAL family owned business
- Is owned by a Master Electrician
- Has over 25 years experience in the alarm industry
- Provides hundreds of hours in community service every year
- Supports groups such as Alzheimer's and Elder abuse awareness
- Has raised over \$10,000 with other professional to support our community
- Belongs to the following groups helping seniors: PHS, SRA, SAFE, ALZ Partnership
- Set up all our equipment and show you how to use it right in your home
- Check smoke and carbon monoxide alarms for free along with a safety evaluation
- Offer backup generators to ensure critical equipment stays running such as your medical alert, oxygen machine, heat and lighting

*You have a choice and a right to be informed, call us for a free discussion*

### What other companies may not tell you...

- They provide a commission on referrals such as to agencies or pharmacies
- They monitor their equipment out west
- They may test their equipment monthly instead of weekly
- They prefer to mail you their equipment for you to install it
- Their backup battery is only as good as your phone service
- They may not know how to install a phone jack or repair a loose outlet for your equipment

**GET THE CHOICE YOU DESERVE, Keep it local. You'll never be home alone when you're with us.**
