

How Mainstreet Makes Your Retail Life Easier

One company to source and support your in-store hardware systems:

- ▶ The right technology recommendations to meet your business and budget needs
- ▶ Simpler, more efficient system roll-outs and hardware deployments
- ▶ Expert guidance to help you achieve maximum technology performance
- ▶ Ongoing support to help you get the most out of your investment
 - Asset management
 - Life cycle management
 - Hardware maintenance
 - Depot repairs
 - RMA and warranty management
 - Service contract consolidation

One hardware partner to access the industry's leading technologies:

Hardware from Zebra Technologies, the global leader in retail systems

Staff-enablement and self-service solutions for superior customer service

Breakthroughs to help you create more efficient and profitable store operations

Scanning, RFID, and mobile computing to automate more processes

The latest innovations in barcode scanning, mobile computing, and printing

More efficient tracking and data capture to achieve real-time inventory visibility

One contact to get started and begin seeing the difference!
