Capability Statement

JLGOV IT PROFESSIONAL SERVICES & SOLUTIONS

An *SBA 8(A)* certified minority-owned firm providing IT services, Cyber Security, and solutions in a competitive and cost-effective model

REGISTERED CMMC C3PAO COMPANY

WHY CLIENTS HIRE US

JLGOV has decades of experience across Federal and Commercial markets.

- ◆ We have a proven track record in Cyber Security
- ◆ Our teaming alliances equate to our client's success
- ◆ Are a diversity supplier solution provider
- ◆ Focus on service to our clients
- ◆ Are accountable to our clients

Core Capabilities:

- ❖ **Professional Services** - JLGOV LLC, is an IT Professionals Services and Solutions company focused on delivering cybersecurity services, CMMC assessments and audits, resiliency, and digital transformation capabilities for mission customers globally to overcome data risk challenges:

➤ Risk Management Framework	➤ Incident Response & Information Assurance
➤ Malware Analysis	➤ Vulnerability Assessment
➤ Cloud Computing	➤ Remote Monitoring and Management
➤ VTC Installation & Support	➤ Information Technology
➤ Professional Staffing	➤ Program/Project Management

- ❖ **Cloud Managed Service Provider** – Flexible *Network Operations Center* services. Continuous insight into your network lets us reduce the business impact of IT failure by shortening the time from network failure to issue resolution. With regular, preventative maintenance activities designed to keep your network operating efficiently, we reduce the number of emergency incidents you encounter. Our *Security Operations Center* services are centralized functions to an organization employing people, processes, and technology to continuously monitor and improve an organization's security posture while preventing, detecting, analyzing, and responding to cybersecurity incidents. By optimizing your network's performance and strengthening your security posture as first responders, to drive efficiency and reliability that your business demands.
- ❖ **Value Added Procurement Services** – JLGOV delivers procurement services and solutions by adding features or services to an existing product. Channel vendor for original equipment manufacturers (OEM) for software, hardware, licensing, and special technology solutions from our trusted alliance partners. (**Microsoft, DELL, LogRhythm, IBM, HP and Broadcom**)
