To Whom It May Concern:

I am the managing director of The Umbrella Group Artist Management. My company represents recording artists, record producers and songwriters. I have been working in the music industry for 25 years.

I am writing to express my genuine support of the Polynesian Paradise Dancers, who I have hired to open concert dates for my music clients. I wholeheartedly endorse and confirm the professionalism and skill exhibited by the Polynesian Paradise dancers and musicians. The entire troupe was extremely easy to work with, enthusiastic, authentic and immensely entertaining. Additionally, my touring staff received many positive comments from venue employees and audience members.

I am happy to put myself forward as a reference for any interested parties who might wish to speak to me directly.

Kind Regards,

Thomas Manzi
