About Us

The purpose of the Manistee County Sport Fishing Association is to help and promote the sport fishery and tourism in Manistee County through the events we sponsor as well as the projects we promote. With our members support, we continue to make a difference in the goal of maintaining and promoting a healthy fishery in Manistee County by:

- Establishing the economic contribution of the Sport Fishery to the Manistee area economy.
- Developing a liaison with State & Federal fishery management agencies to ensure the maintenance and the growth of the local sport fishery.
- Cooperating with local and State tourism organizations to develop an action plan to promote and market Manistee area sport fishing.
- Acting as a mechanism of education and information between area Sport Fisherman and business members.
- Insuring adequate financing to accomplish the aforementioned goals and other objectives of the association.

With your business membership and sponsorship commitment, together we will be able to bring our message to more people throughout the region.
