Who Am I?

I was born in a hospital in Winnipeg, Manitoba in August 1952, bear as naked and screaming, I suppose.

I tried to bring the cigarette with me while I was in the my mommies stomach. That didn't work but I did scare the hell out of the nurses and doctor when I showed up.

From there I started my tirade on the rest of the family, friends and relatives until I was 67 years old.

In betwixt and between I went to public school in Canada and then at 12 years of age I was forcibly taken to Los Angeles, California with my parents and fell in love with the Palm Trees, Sunshine and the Ocean and especially Disneyland and Vegas.

As I was growing up, I worked on screwing cars up, when cars were real cars, not

emission control, environmentally killing vehicles that are on the road, today.

As I got my drivers license I had one thing on my mind, guess what!? Then I graduated to decision of going to college and going another way, so I did both.

I went to vocational school for automotive mechanics and repair in addition to going to community college because I wasn't ready to go to UCLA or USC. I did that later after I graduated with my Masters Mechanics Certification.

When going to college I got all my credits for a Masters Degree and then another one with Masters Certification in the Automotive Repair and Business

From there went to Budget rent A Car, then Davidow Enterprises/Davidow Financial Services, Funky Fusion Group, (a jewelry company), Davidow Consulting & Business Management Coaching, Edelbrock Equipment Sales and Services.

Purchased a printing organization, sold that, purchased a Telco organization built it and sold it, purchased a couple of companies, sold them

Moved to Oswego, New York instead of Charleston, North Carolina and went to work for my father in law for 2 1/5 years and found Peak Performance management, built that and moved on to Davidow Enterprises, sold list of clients.

New Dynamics, built the organization a business consulting group and sold it off in 2014.
