COME SEE HOW FUN FAMILY SCOUTING CAN BE WITH PACK 142!

Pack 142 serves boys and girls in Kindergarten through grade 5 and their families located in Parsippany and Morris Plains, NJ. Cub Scouts participate in many fun activities such as crafts, games, building and racing model cars, hiking, camping, community service and much more. Pack 142 is friendly, family oriented and ready to welcome new members. Family members and visitors are welcome at all pack events and invited to join in our activities.

Pack 142 provides a quality scouting program that is designed to provide your child with exciting experiences and memories that last a lifetime!

In addition to pack events, each den typically meets one to two times per month. This is where Cub Scouts participate in activities and work on projects related to an adventure that help them learn the skills they need to progress in rank.

Looking for FUN and EXCITING activities that are FAMILY FRIENDLY this Fall?

Come join current friends and scouts at one or more of Cub Scout Pack 142's Fall Activities!
