DISTRICT 65 NEWS

District 65 Toastmasters,

Six months of our Toastmaster year are past and January 1st marks the second half of the year. **NOW** is the time to review your club success plan and make any needed mid-course corrections. Is your club on track to become distinguished? Will you have the required number of members to qualify? How about education awards? Remember the education requirements have changed. Your Area Director will be visiting soon so ask them for suggestions about how your club can achieve success. Create a list of the good things that have happened and share it with the district. One or more members of the district trio may be able to schedule a visit to your club and we welcome an invitation.

Make every day count. Make every week worth it. Make sure every month is an unforgettable one. Create your own opportunities and stop waiting for perfect timing. When it comes to the new year make it the best you've ever had and may all your goals be achieved.

Kind regards,

[Linda Lathrop](#), DTM PDG
District 65 Director
