FOR IMMEDIATE RELEASE

Brevard Achievement Center Adds GIMEX, USA, Executive to Board of Directors

Rockledge, FL – The Board of Directors of Brevard Achievement Center (BAC), a 501(c)(3) nonprofit agency whose mission is to provide persons with disabilities innovative services and opportunities to achieve personal success, announces the appointment of Patricia Tellechea to its Board of Directors.

Patricia is the President & CEO of GIMEX, USA, a freight forwarder with an international presence throughout Europe and North America. Born in Spain, Patricia grew up working in the family owned GIMEX, SA, also a freight forwarder in Europe, founded by her father in 1977. She later founded GIMEX, USA, as an extension of her family business to provide service in North America. Patricia is a graduate of Marietta College where she earned her Bachelor of Arts in Mass Media and holds a Master's in Business Administration from Nova Southeastern University.

Ms. Tellechea was approached to learn more about BAC because of her expertise in best practices related to warehouse and shipping processes, areas BAC seeks to continually improve for our customers. "After a brief visit to BAC's facilities and meeting quite a few members of the staff, as well as members of the program I knew I wanted to be a part of this great organization in any way possible. I was pleased and encouraged by the respect and professionalism shared amongst everyone I met, but most importantly the positive attitude and passion every member shared towards growth through innovation and learning."

With the addition of Patricia, BAC's Board of Directors now consists of 15 community leaders. Please join Brevard Achievement Center in welcoming Patricia to the BAC Family.
