The Wellness Now Coalition Faith-Based Work Group and the American Heart Association are working locally with medical experts, community leaders, businesses and families to provide faith communities with accurate information to reduce the impact of COVID-19.

Thursday, April 23 | 3:00 - 4:00 PM
Zoom (link will be sent via email)

Join us as we explore:

- The risks to faith communities
- Hospital visitation, weddings and funerals; how faith leaders and congregations can stay connected
- Tips on addressing others' fear and concern
- Ways to help others while minimizing risk
- The increased COVID-19 risk for people with cardiovascular diseases and chronic conditions
- Exercising, eating healthy foods and staying well at home
- Local community resources for testing and volunteering to support COVID-19 control

Please RSVP & submit your questions via email to Steven.Embree@Heart.org
