

BUILD A “DINO-RAMA”!

Bring Patchi and his friends to life in these easy steps.

Gather

- Shoe box
- Scissors
- Crayons/Markers
- Construction Paper
- Glue/Tape

- 1:** Using the construction paper, cut out objects you'd see in Patchi's prehistoric world, like lots of trees, vines, and volcanoes.
- 2:** Use tape or glue to attach your leafy cutouts to the inside of the box. Hang some pieces from the top of the box to make the scene look jungle-like.
- 3:** Find the *Walking With Dinosaurs: The Movie* printable characters you like most; cut them out and attach them to the bottom of your DINO-rama!

**WALKING WITH
DINOSAURS**
THE MOVIE

LOOK FOR IT ON BLU-RAY, DVD & DIGITAL HD

Cut out your favorite characters and add them to your "DINO-rama"!
