

A-30

Specification Sheet

VITAMIN PREMIX

www.asp-inc.com

INDICATIONS

A vitamin premix specifically formulated for uniform dispersion in animal feeds.

INGREDIENTS

Guaranteed Analysis:

VITAMIN A.....13,600,000 I.U. /lb

DIRECTIONS FOR USE

Mixing directions:

Add the number of pounds of Vitamin A-30 per ton of feed indicated under the PREMIX column to yield the finished feed concentrations (I.U. per pound) in the finished FEED column.

A-30(lb added per ton) PREMIX	I.U. per pound in finished FEED
1	6,800
5	34,000
10	68,000
15	102,000
20	136,000

For species-specific recommendations, contact Animal Science Products' technical service department.

CAUTIONS

For use in animal feeds only.
Keep out of reach of children.
Store in a cool, dry place.

PACKAGING

50lb (22.68 kg) bags
Specially designed 4-ply bag resists moisture
and oxidation

ADVANTAGES

- Economic source of Vitamin A.
- Unsurpassed stability
- Convenient concentration for modern feed formulas.
- Vitamin A essential to maintenance of vision, skin, hair, feathers and nerves.
- Vitamin A helps maintain lining of respiratory and reproductive tracts.
- Vitamin A helps maintain resistance to various infectious diseases.
- Contains mineral oil for optimum vitamin uniformity and dust control.
