We all realize this Pandemic remains fluid and changing daily. With that in mind our Board continues to monitor Bouchelle Island activities and will reevaluate on or about July 31st.

In the meantime, once again, our thanks to all of you who are cooperating during this trying time. Our residents have been outstanding. It's worth noting that we frequently have anywhere around 1,000 to 2,000 residents and family members on the island and to date we're not aware of anyone contracting the virus. Thanks for helping us be safe.

Respectfully, Walt

Walter J. Franek, President
CSA Board of Directors
