

## **How to book a session with a River Guide:**

Fill out the email contact information form and submit.

Please indicate in the message section your instrument, level of proficiency and river guide preference.

Using the PayPal button submit the one-time only \$10 registration fee. Once registered you are now part of the River Guide family and you are then entitled to access all the different river guides from the site. You only have to register once!

This fee is totally refundable if you decide to not book a session with a river guide.

### **Next:**

You will then receive a confirmation email that your information and request has been received and sent to your river guide.

You will then be sent a syllabus or overview of what's being taught by the instructor.

Each river guide sets his or her own rates, which will be emailed to you. They'll explain their preference of payment for the session either using PayPal, Zelle, Apple Cash, Venmo, personal check, etc., which can be worked out between the two of you.

**Your river guide will then contact you to set up your first session!**

### **Technical information:**

To get the most of your session with your river guide please have the following equipment:

A really efficient and fast internet connection, preferably hard wired Ethernet.

Please have a proper computer, iPad, tablet, etc.

A small set of playback speakers that will enhance your ability to hear what your guide is demonstrating. If your computer is older please upgrade your camera with a newer HD webcam.
