

Barnum Center @ Wesley Woods

Equine Lesson, Learning and Activities

We offer a lesson program for children, youth, adults and those with special needs who want to ride for recreation, improve basic riding skills and develop a bond with their equine partner. Riding lessons focus on safety and developing a secure seat. Riders groom and saddle their horses at the beginning of their lesson. Ground lessons are available for those who love horses and are not able or interested in riding. Or for those who need to gain confidence.

Lessons are designed to develop well rounded safe horsemanship skills in students of all ages and various abilities. In addition to riding, students assist in the preparation of their horses for lessons, developing and growing a partnership with horse and human. All lessons are taught and supervised by experienced and certified instructors. Lessons are offered weekdays between the hours of 9am and 6pm. Saturdays lesson by special arrangement – Saturdays are usually set aside for trail or retreat group rides.

Riders need to wear long pants and closed toed shoes. We will provide helmets. Riders must be under 200 pounds. Minimum age is included below, in addition, riders must have strength enough to manage their horse. Waivers are required for everyone and must be signed by the parent or guardian of a minor child or dependent adult. Riders with disabilities must have a primary care doctor sign a health consent form stating that horseback riding and activities with horses are not contraindicated or potentially harmful for them.
