April 16, 2021

Hellenic Home is pleased to be a successful recipient of the COVID-19 Resilience Infrastructure Stream of the Investing in Canada Infrastructure Program (ICIP).

Further to today's announcement, our facility in Scarborough (Hellenic Home Scarborough) will be receiving \$700,000 (\$560,000 from the Federal Government & \$140,000 from the Provincial Government).

Our facility in Toronto (Hellenic Care) will be receiving \$1,425,000 (\$1,140,000 from the Federal Government & \$285,000 from the Provincial Government).

These funds for both our facilities will be used towards HVAC Replacement & Upgrade projects that will improve the air quality in our facilities and mitigate COVID-19 transmission for our residents and staff.

Hellenic Home is most appreciative of these grants and would like to extend our gratitude and appreciation to our Federal and Provincial Governments for their generosity and support in keeping our seniors safe.

Especially, we would like to thank our Prime Minister Justin Trudeau and our Premier Doug Ford and for our Scarborough Home our Member of Parliament Ms. Salma Zahid and our Member of Provincial Parliament Ms. Christina Mitas. Furthermore, for our Toronto Home, we would like to thank our Member of Parliament Honourable Carolyn Bennett and our Member of the Provincial Parliament Ms. Jill Andrew.
