## THE PRESIDENT'S REPORT *by Don Masseur*

Sadly, the COVID condition and status for our Georgetown Clubhouse has not improved since the last Crier. As the vaccination process gathers speed, the Board hopes by spring we can open for more community use.

The Communication Committee has been working hard to give the Crier and Georgetown's website an updated appearance. Our website is a great source for updated Georgetown information. Please visit the website to see improvements over the upcoming months.

Georgetown election time is coming, with a seat opening up on the Board. Please consider running for the Board or volunteering for committee work. Participation is important to keep Georgetown running smoothly.

We have scheduled our annual meeting for May 8<sup>th</sup>. At this time, I am not confident we will be able to hold that occasion here on site. A much larger venue is needed for social distancing. I will keep residents informed in an upcoming Crier and on our website.

With this New Year's issue, we're pleased to unveil the community's new logo and look for The Georgetown Crier newsletter.

Designed by the Communications Committee and its new Chairperson John Gubiotti, the logo reflects some of Georgetown's defining characteristics including its many trees, rolling hills and unique rooflines.

The newly designed Georgetown Crier newsletter includes more features to keep you updated and well-informed. The Georgetown Crier will continue to be delivered to your home mailbox, as well as being posted on the Georgetown Commons website.

To see a full color version of the newsletter, go online to: <https://georgetowncommonshoa.com/newsletter/>. And coming soon...a new look and feel for Georgetown's website!

Volunteers Wanted ★

### BECOME A MEMBER OF THE BOARD OF DIRECTORS!

Take your turn at running Georgetown Commons HOA!

We depend on residents volunteering at this important task, and this year we have several openings. You don't need experience on boards, although that might be a plus. There would be plenty of guidance by existing board members.

Having a good head on your shoulders and an ability to work with others to achieve a common goal are far more important. Being comfortable using email to communicate is necessary.
