Accommodation

The Himmelsfels is an international meeting place. The accommodations are housed in converted construction trailers, which are locally called "embassies". Each accommodation stands for a different country in the world and this year we would like to do a housewarming for the Botswana embassy that we have built over the past few years.

Please bring a sleeping bag / blanket + pillow (as warm as you like it), and a sheet and pillowcover (not a fitted sheet). Mattresses are available.

In good weather, you can spend time in front of the trailer. An outdoor blanket or playing mat are recommended for this.

Finances

The price includes accommodation, meals (full board) and program costs.

Please transfer according to your registration and the family composition:
